

Over Million Pledged To Big Cotton Concern At Session in Macon

Atlanta Banks Largest Subscribers to Stock of Export Project—Canvass of All Financial Institutions Planned.

PLANS ARE OUTLINED BY ROBERT F. MADDOX

Financiers Are Enthusiastic Over Movement, and It Is Believed There Will Be no Difficulty in Completing Quota.

Macon, Ga., November 16.—(Special.)—With a quota of \$1,500,000, Georgia bankers today subscribed over a million dollars to the capital stock of the Federal International Banking company, a corporation to financially expedite the exportation of southern products, at a meeting held at the Hotel Dempsey today.

Representatives of 165 banks, out of a total of 248 banks in the state, subscribed a total of \$1,088,500, of which \$234,350 is definitely subscribed and \$255,550 is subscribed subject to the approval of the board of directors of the individual banks. Seventy-three counties were represented at the meeting and about ninety bankers were present, subscribing 3 per cent or more of the capital and surplus stock of their banks.

While \$6,000,000 is set as the capital stock of the company at the date of organization, officials stated at the meeting that from \$10,000,000 to \$15,000,000 would probably be subscribed at the beginning of the drive in the twelve southern states. Twenty-five per cent of the subscriptions are payable upon December 10 and the remainder in payments of 10 per cent each sixty days. Meetings of all banking associations in the southern states will be held during the next week to complete the subscriptions so that the organization may begin to function upon December 10. Sixty thousand shares, at \$100 each are offered.

Largest Subscribers.

The largest single subscriber was the Citizens and Southern chain of banks, which took \$100,000 in stock. The Fourth National Bank of Macon was one of the largest subscribers, taking \$25,000 in stock. The Bibb National bank took \$7,200, the Macon National bank, \$7,500, and the Luther Williams Banking company, \$1,500. The Savannah Banking and Trust company took \$42,000 in stock.

The Atlanta banks took large parts of the stock, the Atlanta National taking \$75,000, the Atlanta Trust company, \$36,000; the Fulton National bank, \$30,000; the Fulton National bank, \$30,000, and the Lowry National bank, \$60,000.

Subscriptions by Savannah banks were: American Bank and Trust company, \$7,000; Chatham Bank and Trust company, \$18,000; Citizens Trust company, \$6,000; Exchange bank, \$5,000; Hibernia bank, \$15,000; Liberty Bank and Trust company, \$18,000; Savannah Bank and Trust company, \$42,000.

The main office of the company will be established at New Orleans on account of the central location of that city.

In stating the purpose of today's meeting, F. Warner Martin, vice-president of the Lowry National Bank of Atlanta, who served as chairman, said it was the aim of the meeting to inform bankers of Georgia of the necessity for just such an export corporation as is being formed and to obtain subscriptions from each bank of 6 per cent of its capital stock and surplus. He stated that opinion of the bankers

Mercury to Drop Below Freezing Point—Wednesday

Temperature Will Rise in Afternoon, Says the Forecaster, and Weather Will Then Be Delightful.

Just a couple of lots below freezing—say just about 30 degrees—is what Atlanta may expect in the way of temperature Wednesday morning, according to the pronouncement of C. F. von Herrmann, weather forecaster for the Atlanta and surrounding terrain.

After the ordeal of transition from warm cover to warm clothes in the early morning, the weather will begin to moderate itself, and Wednesday afternoon should find the weather in general delightful. The end of the worrisome rains is seen, and the business of the city is again seen sort of disengaged. The rain itself, for they were not drenched, but the rain was a hearted sort of drizzle which allows of no admiration.

According to weather bureau observations, a disturbance Tuesday along the Florida coast and northward was responsible for the wintry blasts that poured out of the northwest. In this region there was an area of low pressure on Tuesday which the wave of cold air rushed in to displace.

Advices from stations in the northwest showed this region warming up several degrees and in consequence the breezes sweeping down from this direction are expected to be robbed of much of their chill today, and Atlanta weather will adjust itself back toward moderation.

Thursday will be much warmer than Wednesday, and the rains will continue to abate themselves, said Mr. von Herrmann Tuesday night.

The Constitution Can Bring Atlanta's Stores Direct to You

And isn't that better than spending so much time going from store to store and from department to department?

Body of Shepard MAY BE EXHUMED FOR SECOND TIME

Step Will Be Necessary in Order for Pathologist to Make Examination, It Is Stated.

EXPECT POSTPONEMENT OF CORONER'S INQUEST

Solicitor Garrett Quoted as Saying That He Expects Several Arrests Will Result From Case.

The second exhumation of the body of Frederick D. Shepard, exhumed for the first time on November 6, is confidently expected as the next and not far distant step in the dramatic investigation of the alleged poisoning of the millionaire fruit grower of Fort Valley, preparatory to analysis by an expert pathologist who will determine from the vital organs whether or not their condition is the result of poison originating from an external or internal source.

From hints given out in Atlanta on Tuesday the second exhumation is expected within the week. The fact that pathologists require the entire viscera for their tests and the knowledge that only a portion of Shepard's viscera was removed on November 6 clearly indicates that the body must be removed once again before scientific reports can be completed.

Dr. Funke Engaged.

The first formal statement relative to the findings of Dr. Edgar Everhart, who conducted the chemical analysis, came Tuesday morning in a statement of Solicitor General Charles H. Garrett from Macon. According to dispatches from Solicitor Garrett said in substance that Dr. John Funke, Atlanta pathologist, diagnostician and physiologist, would examine the viscera of Shepard and determine how poison might have been taken into the body. "It is Dr. Funke's work to determine how poison might have been taken. He will examine the esophagus and tell whether the effects of the poison are shown there."

Throughout the investigation of the case it has been well understood that the esophagus of Shepard's body had not been brought to Atlanta. If the examination mentioned by Solicitor Garrett is to be made a second exhumation must take place.

The solicitor general's statements bear out the account published by The Constitution on Tuesday that a condition of the Shepard viscera was found which clearly indicated poisoning of some kind, justifying further investigation. In regard to this phase of the case Solicitor Garrett is quoted as saying while in Atlanta that the analysis so far warranted the pressing of the case and that

INDUSTRIAL TOUR WILL BEGIN TODAY

Party of 150 Prominent Georgians Leave Atlanta for Trip to Big Eastern Cities.

The Georgia Tech Industrial Special, carrying a party of one hundred and fifty leading Georgians from every part of the state will leave the terminal station this afternoon at 5:50 o'clock. The itinerary of the tour will include Cincinnati, Buffalo, Pittsburgh, Niagara Falls, Boston, New York and Washington, and the party will return to Atlanta on Thanksgiving day.

In every city the party will be entertained by the chambers of commerce, merchants' associations, and by the city officials. Officials at several great industrial plants will tender luncheons and banquets to the Georgians in connection with the inspection of their plants. At Boston the special train will be switched on a spur track into the campus of the Massachusetts Institute of Technology, and the officials of the school will carry the party through the plant.

In order to accommodate the members of the party a special desk will be placed in the waiting room of the terminal station where badges, railroad tickets, programs and pullman reservations will be distributed. Every detail of the arrangements for every city visited have been completed, it was announced Tuesday at the headquarters of the tour.

An office has been fitted up in the party on route should be addressed the Georgia Tech Industrial Special, the Western Union Telegraph company having made arrangements to forward them without delay. The delegation will be headed by Governor Hugh M. Dorsey.

Greek Troops Fire On Athens Crowds; Army in Ugly Mood

All the Stores, Banks and the Theaters Are Closed and the Population Is Keeping Close.

RHALLIS IS REQUESTED TO FORM NEW CABINET

Call Made to Rhallis by the Regent After Cabinet of Venizelos Resigned—Reported That Venizelos Will Leave Greece.

Athens, November 16.—(By the Associated Press.)—Troops fired from a number of points on several occasions today to disperse after-election trouble-makers. Tonight there are fears of further trouble which may lead to martial law, and there is said to be danger that the army may get out of hand.

The stores, banks and theaters were closed today and soldiers patrolled the streets. Tonight the population was keeping close, not taking the risk of leaving their homes.

The disorders began with a parade of opposition adherents to attack the Liberal club. Troops stationed within the club quarters fired upon the marchers.

The military later attacked the opposition headquarters from which a few shots came. For two hours the headquarters were besieged and bombarded by the troops. A number of bystanders were wounded.

Troops are guarding public places and the homes of the leaders of both sides.

Two persons were killed by shots fired from houses facing the foreign office yesterday. It was declared that reactionary elements were responsible for the firing.

Venizelos Cabinet Resigns.

Premier Venizelos' cabinet resigned today, and Admiral Koumoundouris, the regent of Greece, has sent for George Rhallis, whom it is expected, will be entrusted the formation of a new ministry.

The complete victory of the opposition seemed almost certain last night, and though final results were still lacking, even leaders of the elements opposed to Premier Venizelos in elections held on Sunday were surprised by the showing their candidates had made in Macedonia and Attica.

It is said M. Venizelos will leave the country, and he has advised liberalists to abide by the verdict of the people.

Demetrios Gounaris, leader of the opposition, has declared the foreign policy of Greece will not be changed.

Latest returns from the election gave the supporters of M. Venizelos 118 seats against 250 royalists. M. Venizelos and all but two of his ministers were beaten. None of the Venizelist candidates were elected in Greece and Macedonia, with the exception of Epirus and the Aegean Islands.

VENIZELIS INTENDS TO LEAVE GREECE.

Paris, November 16.—News of the resignation of the cabinet of Premier Venizelos of Greece, was received today by the Greek legation in Paris, which accepted it as accurate, although its information was not official.

The legation said its advice stated that ex-Premier Gounaris, after requesting M. Rhallis to form a cabinet and receiving a refusal from the latter, would form a cabinet himself.

The program of Gounaris, it was added, calls for an invitation to former Crown Prince George, Duke of Sparta, to ascend the throne of Greece.

The legation declared the defeat of Premier Venizelos was caused by domestic questions and not by animosity or antipathy to the allies, and that Greece would show herself anxious to continue amicable relations with the entente.

A dispatch to The Temps from Athens today says M. Venizelos is requesting the liberals to accept the popular verdict, and that he has decided to leave Greece. M. Gounaris is quoted as declaring the foreign policy of Greece would undergo no change. It is probable, the newspaper adds, that M. Venizelos will take up his home in France.

Reports that Premier Venizelos, of Greece, met defeat in the elections held Sunday came as an unpleasant surprise to Paris. Newspapers here agree that England and probably France will forbid the return of former King Constantine to Greece.

Hope is expressed by "Perrinax," Paris editor of The Echo de Paris, that even a compromise placing Prince George, the eldest son of Constantine, on the throne, will not be sanctioned by the entente. Most writers fear the result of the election, if it brings about the fall of Venizelos, will still further complicate the situation.

16 MEN TRAPPED BY FIRE IN MINE

Flames Raging Near the Opening of the Kentucky Mine and Men Are Probably Doomed.

Earlinton, Ky., November 16.—Fire near the opening of the Arnold mine, one mile east of here, has trapped sixteen men and, with the conflagration growing in extent, little hope is held of rescuing them.

The fire, discovered late today, originated from defective electric wiring in a room near the opening and quickly spread. The mine is a drift mine with no shaft, making rescue possible only through the one opening. The fire could be heard blazing under the ground and smoke was pouring forth in large volumes.

The men entrapped, consisting of three white and thirteen negroes, were three miles back from the entrance and were feared they would succumb to the thick smoke. Any attempt at rescue thus far was without result and an effort was being made to reverse the air through the air shaft, thus keeping the smoke from the miners.

The mine is owned by the St. Bernard Coal company of Evansville, Ind. A call was sent to Evansville for the mine rescue car there, but the car is at Winslow, Ind., too far from the fire to be taken there in time for use.

On Tuesday night when the fire had been raging almost seven hours, the mine officials held little hope of saving the entrapped miners alive. It was feared that they already had suffocated.

Although the workers, however, expressed the hope that the men might still be alive if they were able to circulate themselves with the flames and smoke and get some of the air being forced through an opening due from compressors to the imperiled men. The usual air supply was cut off when the fire originated in the mine.

Trained rescue crews from the West Kentucky Coal company of Surgo, Ky., a few miles away, have arrived and were working with the St. Bernard company rescue corps.

BANK MUST SHOW IT PAID DEPOSIT TO THE DEPOSITOR

Montgomery, Ala., November 16.—Any bank in Alabama accepting a deposit assumes the responsibility of paying the same to the depositor and the burden of proof is placed on such institution to prove such payment, according to a decision from the court of appeals today denying the motion of the First National bank of Montgomery for a rehearing in a suit brought by a depositor to recover a deposit of \$300 accepted by the bank.

The original suit came in the Montgomery circuit court, where Amanda Williams sought to recover the deposit she made. The bank maintained that the money had been paid out and its records proved the payment. The court, however, found the bank's evidence lacking, and the plaintiff showing that her money had been withdrawn by her, the bank lost its case, appealing to the appeals court, which affirmed the lower court.

Parson Cruel To His Family At \$93 a Month

Judge Refuses Divorce to Preacher With Wife and Five Children Who Stuck to the Pulpit on Salary Named.

Cleveland, Ohio, November 16.—It is extreme cruelty for a minister to remain in his pulpit at \$93 a month when he has a wife and five children to support, Common Pleas Judge Frank Phillips declared in an opinion handed down in a divorce suit filed by Rev. Benjamin A. Sherwin against his wife today.

Judge Phillips refused to grant Rev. Sherwin a divorce and ordered him to pay his wife \$50 a month alimony. Custody of their five children was given to Mrs. Sherwin.

"I consider it extreme cruelty for a man with a wife and five children to remain at his job, even though it be that of a minister, which pays only \$93 a month. An able bodied man such as you are should have taken some other profession," Judge Phillips declared.

Sherwin now has secured employment as a machinist.

HARDING URGED TO VISIT MEXICO ON SOUTHERN TRIP

The President-Elect Has Taken Matter Under Advisement and May Stop at Vera Cruz.

ENVOY FROM OBREGON RECEIVED BY HARDING

Torres Made Special Plea That Harding Be Present at Obregon's Inauguration—Harding Leaves for New Orleans Today.

Brownsville, Texas, November 16.—(By the Associated Press.)—An earnest invitation from Mexican officials to go into Mexico during his voyage in southern waters has been taken under advisement by President-elect Harding.

Should he accept, his visit will be limited to a short trip at Vera Cruz on his way from New Orleans to the canal zone. He has been asked to go into Mexico City, but is understood to consider so extensive a trip impossible because of engagements elsewhere.

The invitation was brought to Brownsville by Elias L. Torres, who spoke both for the Mexican foreign office and for General Alvaro Obregon, the Mexican president-elect. In an hour's conference with the senator, who is spending here, Mr. Torres made a special plea that the senator be present at Obregon's inauguration in the Mexican capital on November 30.

Mr. Harding is represented by his friends as weighing carefully two considerations before making a decision. It is declared that he is anxious to take every step to cement relations between the two republics, but that, on the other hand, he is determined to do nothing that might be construed as an international misappropriation.

He has told his friends that if he sets foot on the soil of any foreign country during his trip, he will do so solely as a private citizen, and not in any sense of official representative of the United States government.

Aside from the two forces remains the question of whether the sailing arrangements already made by the president-elect can be so modified as to permit a call on the Mexican coast. He leaves here tomorrow at 10 a. m. and will take ship at New Orleans Thursday afternoon for the canal zone on a vessel which, even under present plans, is to delay its sailing in order to accommodate him.

Senator Fall Present.

Senator B. Fall, of New Mexico, who was chairman of the senate subcommittee that investigated Mexican affairs, came to Brownsville with Mr. Torres and was present at the conference between the Mexican envoy and Mr. Harding. Afterward, neither Mr. Torres nor Mr. Harding would make any comment, but Mr. Fall said the talk had been a most friendly one, and that it was his understanding that an effort would be made to so change the sailing schedule as to permit a short stop at Vera Cruz or some other Mexican port. It was said, however, that should a change be made, it would not shorten Mr. Harding's stay in New Orleans, nor interfere with his address Thursday at luncheon there.

In addition to giving his attention to the Mexican invitation, Senator Harding devoted some time to the New Orleans speech and to correspondence today and received a formal call of courtesy from Governor W. P. Hobby, who came here on a special train to thank the president-elect for his visit to Texas.

In describing the talk between Mr. Harding and Mr. Torres, Senator Fall said the invitation contemplated that the president-elect should go into the territory as "the guest of the Mexican republic." He declared that Mr. Torres, who has been connected with the Mexican embassy at Washington, had come here specifically commissioned by General Obregon as well as by the present government at Mexico City. "It was indicated as the particular

POLICEMAN SHOT WHILE TALKING TO YOUNG WOMAN

Fort Worth, Texas, November 16.—Captain Quincy Burnett, of the local police, was shot and probably fatally wounded while talking to a young woman here today in conversation with Miss Bessie King who, a few minutes later fell to the floor, apparently dead.

Miss King is being held under guard at the city hospital, where analysis of the contents of her stomach failed to produce any evidence of poison, attendants announced, after failing in an apparent effort to revive her.

The shooting caused the early belief that she had taken poison.

Captain Burnett is in a critical condition at a local infirmary. Two of the bullets entered his chest just below the collar.

Stupendous Waste, Coupled With Graft, Laid to Ship Board

UNCLE SAM PLACED ON "BAD PAY" LIST BY WESTERN UNION

Telegraph Company Refuses to Handle Cable Messages for the State Department Unless Paid in Advance.

ACT OF RETALIATION, SAYS THE DEPARTMENT

Claimed Western Union Has Taken Radical Stand Because It Was Not Allowed to Land Cable on the Florida Coast.

Washington, November 16.—Charges made in New York today by Newcomb Carlton, president of the Western Union Telegraph company, that the state department had acted arbitrarily in dealing with bills for cable service rendered it served to throw the triangular controversy between the company and the department into the open for the first time. It did not, however, evoke any formal reply from government officials, although there were indications that the department was preparing to issue, possibly tomorrow, a formal statement of its attitude.

Mr. Carlton's statement was the first to be made by either party. It explained the refusal of his company to handle any but prepaid messages for the state department, as notice that the state department shall not "arbitrarily decide what it shall pay and when it shall pay for the use of the company's facilities."

Only State Department Hit.

This order was issued November 16, it was said at the department, and ostensibly was applicable to all departments, but it is understood to have been enforced only against the state department. Officials of the state department regard it as retaliation for refusal to grant the company permission to land a cable at Miami, Fla.

Under-Secretary Davis and the solicitor of the department conferred today and are understood to have considered legal processes which the department might have recourse against the company.

The controversy dates back to August, 1919, when the department stopped payment to the Western Union for all cable messages. Officials explained that payment had been withheld because the company was withholding the government rebate of 50 per cent on cable messages transmitted from abroad.

In correspondence with the state department the Western Union company, according to officials, has never accepted the right of the government to arbitrate, but has claimed it was granted voluntarily. Before resuming payment on messages, the state department desires to have the right of rebate fixed as a principle governing all future business with the company.

Feeling Over Cable.

There has been considerable feeling on the part of the Western Union because of the failure of the state department to permit the landing of a cable on the Florida coast connecting at Barbados with a British cable from South America.

Several months ago the Western Union applied for an executive permit to land the cable at Miami, but the state department was said to have demanded a copy of the contract between the Western Union and the British company owning the connecting South American cable line. The copy was not forthcoming, according to state department officials, and the permit was withheld.

Later a British cable ship which had been chartered to lay the cable was ordered to Miami. At the suggestion of the state department, the navy department sent destroyers to the Florida port to keep the British ship outside the three mile limit.

FEAR OF DEATH STARTS A NEGRO ON HUNGER STRIKE

Little Rock, Ark., November 16.—Transitory psychosis, which translated liberally from the language of the medical man, means fear of execution, is responsible for the hunger strike of Charles Cooper, negro, sentenced to be executed next Friday, according to physicians who examined him today.

Cooper, according to penitentiary officials, has refused food since last Friday. Governor Brough ordered the examination to determine if he was insane. The physicians reported that his refusal of food was due entirely to a functional disorder of the brain and not to any organic trouble.

Engineer Mitchell Tells Congress Committee How Equipment Worth Millions Was Left to Rot in Georgia and Florida Yards.

DIVERSION IS ALLEGED OF GOVERNMENT MONEY

Name of Terry Ship Yards and National Ship Building Company Brought Into Testimony—Property in Georgia in Controversy.

New York, November 16.—Machinery and ship-building equipment valued at millions of dollars was left out in the open to deteriorate in value months after plants were closed down with the ending of the war. Paul H. MacNeil, a former resident engineer of the ship-building board in the South Atlantic district, testified today before the Walsh investigating shipping board affairs.

MacNeil said he was stationed at Savannah and had five yards under his supervision, his immediate chief being R. H. Dillingham, at Jacksonville, the district plant engineer. What his own authority was he did not know, he testified, but he said he "assumed a great deal in the endeavor to straighten out tangles."

He said the yards were well organized, "better perhaps than was the emergency fleet forces, for they generally could get the better of the government organization."

Used Trust Fund.

He brought into his testimony the name of the Terry Ship Yards company, and a marine railway organization, over which he had supervision. He said that the Terry people had a trust loan from the fleet corporation to be used in ship construction, and that over his protest money in this fund was used to finance a subsidiary organization engaged in dry dock work, when their contracts were only about one-third complete. Through his efforts, \$126,000 of this fund was held up, but he added that he had ascertained that part of the money was again diverted.

Speaking of the National Ship Building company, the witness said that work there had shut down previous to his arrival on the scene.

"I found nothing had been done to take care of the properties and valuable machinery was left uncovered to the weather," he said. On his own responsibility he took steps to save as much of it as was possible. He invoked the properties to quantity and percentage destroyed to the yard. He tried to have "guess" at its value was between \$1,500,000 and \$2,000,000. He also asserted that in the auditing of the affairs of the plant one hundred and one numbered vouchers could not be accounted for.

Told to Keep Hands Off.

Another point he made was that equipment, ordered previous to the closing of the plant, was still coming to the yard. He tried to have it stopped and suggested it was new, and could be returned to the vendors by payment of the freight only.

"They told me to keep my hands off and let the machinery come," MacNeil declared.

The Terry yard, he testified, had

RAIL BOARD ASKED TO MODIFY ORDER

Change Is Requested in Report of Progress on Improvements Made by Power Company.

Rendering a full account of the status of required improvements in gas and trolley service and asking for a modification of the order for a flat increase in street car service of 20 per cent, the Georgia Railway and Power company Tuesday filed with the state railroad commission the report of progress to date in

compliance with the board's instructions of September 22.

The Atlanta Gas Light company, according to the statement, has spent or will expend in the near future \$400,000 in the purchase and installation of one water gas boiler, an additional elevator and bin, gas boosters, two steam turbine pushers, one new Babcock & Wilcox boiler (250-horsepower), two Ingersoll-Rand compressors, one waste steam boiler, one new White truck, one water gas purifier, one Thomas meter of 400,000 cubic feet capacity, one mixed gas pusher, mains, regulator stations and house governors to improve gas pressure in West End, steam piping at gas works for operation of gas pushers, Virginia and Highland avenues improvements, installation of DeBourvoir combination charging and discharging machinery.

Orders were made for this equipment and arrangements for installation were made before September 22, but

on account of the financial condition of the company had to be canceled, according to Mr. Arkwright's statement. When the increases were granted by the commission, however, the orders were replaced, but conditions beyond the control of the manufacturing concerns have delayed the arrival and installation of most of the machinery, it is stated.

The equipment to be installed, the statement continued, will be placed as rapidly as possible and all is expected to be placed in use not later than the fall of 1921. An examination of the report shows the following status of the improvements:

The water gas boiler has been installed and is in operation.

The additional elevator and bin are also in service.

The gas booster has been installed and is in operation.

The two new steam turbine pushers have been ordered from the manufacturers and delivery has been promised by January 1, 1921.

These pushers will be used to increase the gas pressure in Druid Hills and Decatur, where complaints have been made that pressure was inadequate. The steam turbine push-

ers now in use for this territory will be used for the West End service.

Placed in Operation.
The 250-horsepower Babcock & Wilcox boiler has been installed and was placed in operation October 20. The two new Ingersoll-Rand compressors have been received, but in order to install them it is necessary to make alterations in the plant and the work of erecting the compressors will soon begin. These machines will be used to compress gas pressure in the College Park and East Point territory.

The waste steam boiler has been received, and is being installed and will be in operation in the near future.

The automobile truck has been received and is in use.

The new water gas purifier is now being installed.

The new Thomas meter has been in commission about six weeks, while the mixed gas pusher was installed last week and is now in commission.

The statement stated the mains, regulator stations and house governors have been received and some of the trunk mains have been laid. Since the pressure conditions in the Virginia-Highland avenues section are in the worst condition, the company is pushing the improvements in the first-named territory, in the Virginia-Highland avenues section will be completed by February 1, 1921.

It is expected that the improvements in the Virginia-Highland avenues section will be completed by February 1, 1921.

Street Car Situation.
Regarding the improvements in the street car service the statement reads as follows:

"Of the 27 additional cars now under order, four are intended to be used on the Atlanta Northern Railway company. We expect to use six more of them in replacing six cars now in service which are about worn out. This would leave seventeen cars which could be used in providing additional service, but at least two of these would be required as spare cars to replace cars temporarily undergoing repairs, leaving only fifteen cars, therefore, available for additional service."

"Of the cars in service are to be increased 20 per cent, this would require 63 motor cars additional to those now being operated. The additional trailers required for the Decatur line would be seven, and the trailers required for the College Park line would be sixteen."

"The total number of cars, therefore, necessary to be added in order to provide 20 per cent additional service is 86. The cars that we have and will have available for this purpose amount to 35, leaving cars necessary to be obtained, which we haven't got."

"Of this number there would be required 28 new motor cars and 23 additional trailers. We estimate that the cost of these new cars would be approximately \$11,500 for each motor car and \$5,000 for each trailer car, making the total estimated cost of the additional cars which would be required to provide 20 per cent additional service over and above the cars now owned by us and now under order, \$437,000."

"This would be the estimated cost of the additional cars alone. It is necessary to house the cars, and the car barn space we now have is already fully occupied. It would therefore be necessary to acquire the necessary land, install the necessary barn tracks and construct a barn, and it is estimated the cost for this purpose would be something like \$150,000."

The contention is then made in the report that in consideration of the financial strength of the company capital to make possible the 20 per cent improvements cannot be obtained, and the commission is asked to modify its order.

The rebuilding of the new transmission line between Gainesville and Winder is now in progress, the statement says, at an estimated cost of \$82,400. This project will be completed in about ninety days. The report suggests that a survey of the street car system in Atlanta be made, so that additional service may be placed where needed without making a general increase throughout the city.

BAPTIST WOMEN MEET IN 38TH CONVENTION

Important Recommendations Feature First Session at Augusta.

Augusta, Ga., November 16.—(Special.)—With Mrs. W. J. Neel, of Cartersville, state president, in the lead, the thirty-eighth annual convention of the Baptist Women's Missionary union of Georgia went into session here this afternoon with delegates present from almost all counties in the state.

The address of welcome, reports and recommendations of the executive board and appointments of the committees were features during the afternoon. The annual address of President Neel and an inspiring address by Mrs. Kate Wakefield, of Atlanta, on affairs in the Orient, were the evening features.

The welcome to Augusta was by Mrs. T. T. Warr, president of the Baptist City Union of Augusta, Acting Mayor J. Harry Johnson and Dr. E. L. Grace, pastor of the First Baptist church, where the convention is being held. The response was by Mrs. O. M. Gerald of Thomson.

One of the most important recommendations of the executive board urged the women to co-operate with the divisional chairman when the presents, from time to time, the state and federal laws relating to health, employment of women and children, compulsory education, and general welfare work, reporting violations to the proper authorities.

Despite very inclement weather, the First Baptist church auditorium was filled with delegates both afternoon and evening.

ON WAY TO TRIAL ALLEGED SLAYER LEAPS FROM TRAIN

Kansas City, Mo., November 16.—The Law Enforcement association, an organization of citizens, late today offered a reward of \$5,000 for the capture of Dennis Chester, who escaped from a train late yesterday near Broken Bow, Neb., while being brought here from Great Falls, Mont., to answer a charge of murder in connection with the killing of Miss Florence Barton, a society leader, the night of October 2, by highwaymen.

The association was formed following the killing of Miss Barton, who was shot to death while she and her fiancé were driving in a motor car. Her fiancé, Howard Winter, was wounded.

With the arrival here today of the coach from which Chester escaped while under guard of a city detective, officials turned their attention to ascertaining how it was possible for Chester to have broken the two glass compartments of the window, each of which was three-sixteenths of an inch thick. Meantime, a posse in motor cars continued to comb the prairies around Broken Bow for Chester.

According to E. E. Beasley, the city detective who was in charge of the prisoner when the escape was made, Chester went through the window without warning a few moments after the train had pulled out of Broken Bow. Some officials expressed the belief that Chester had been badly injured when he went through the window, and to substantiate their theory, pointed to large blood stains found beneath the window. It was their theory that the man had been picked up by confederates and hurried away.

Popular Mechanics reports that a sulphur deposit of perhaps 10,000 to 15,000 tons has been found in the crater of an ice covered volcano on Unalaska island, in the same group, also has a sulphur deposit.

Conflict Found In Prohi Laws By U. S. Judge

Roanoke, Va., November 16.—The Volstead prohibition law and the law in effect prior to the passage of the Volstead act are in conflict, according to an opinion handed down by Judge Martin A. Knapp, of the United States circuit court of appeals for the fourth federal circuit, a copy of which was made public here today by Joseph H. Chitwood, acting attorney for the western district of Virginia.

The opinion, according to Mr. Chitwood, was rendered in the case of Bruce Reed, plaintiff, in error, against J. William Thurmond, United States attorney for western South Carolina. Reed, according to Mr. Chitwood, was convicted on a charge of unlawfully aiding and abetting in the removal of a quart of whisky from which the tax im-

CUT PRICES!

posed by law had not been paid. Mr. Chitwood added that Reed was fined \$200 and sentenced to five months in jail for violation of section 3296 of the revised statutes. Judge Knapp's opinion, according to Mr. Chitwood, holds that Reed's conviction cannot stand if section 3296 of the revised statutes was repealed or superseded by the Volstead act, which went into effect for all

purposes no win hand, January 15, 1920, the date of adoption. Judge Knapp's decision concludes: "To hold that the old law is continued would be to hold that two inconsistent sets of statutory provisions punishing the same substantial act, and with differing penalties, were of force, and that a person could be prosecuted and punished under section 3 and section 6 of the new statute for transporting any liquor at all without the re-

quired permit, and at the same time prosecuted and punished under the provisions of section 3296 for transporting liquor without having previously paid the tax that he is forbidden by law to pay."

The judgment of the lower court was reversed and a new trial ordered.

Chocolates and cocoanuts are used in currency in parts of the South American interior.

Going home to turkey and trimmin's

THANKSGIVING DAY last year.

I ATE my chow.

ALONE in the big town.

AND THE TURKEY was all.

NEATLY VARNISHED and had.

NICE LITTLE paper pants.

ON BOTH its legs.

AND TASTED strongly.

LIKE NOTHING at all.

BUT THIS year.

MAN ALIVE, I'm going home.

AND THERE will be.

A COUNTRY turkey.

DONE to a turn.

BROWN and savory.

CRISP and fleshy.

SENDING UP little clouds.

OF TANTALIZING steam.

MAKING NOSTRILS wrinkle.

AND PALATES quiver.

OH BOY, real turkey.

AND THEN afterwards.

ABLE to breathe.

BUT NOT to bend.

I'LL REACH for a smoke.

THAT'S THE real turkey, too.

COSTLY AROMATIC Turkish.

BLENDED WITH the best.

OF MELLOW Domestic leaf.

AND ONCE again—oh boy.

CAN'T YOU just hear me.

INFORMING the world.

"THEY SATISFY."

IT'S real Turkish tobacco that goes into Chesterfields—really grown in Turkey and bought on the ground by our own buyers. To blend it with best Domestic, in the exclusive Chesterfield way—leave that to us! "They Satisfy!" We'll leave that to you.

White and Colored
Wash Goods---a Sale

At 24c Yard

KNOW, please, that this is the most drastic price-lowering step we have yet taken in any one direction. It goes far beyond what present production conditions warrant. Affects fully three-quarters of our entire stock of white and colored wash goods—that gives some hint as to how far-reaching this Sale is. Same sterling qualities that are to be found here year in and year out. 24c is, in most instances, less than we ourselves paid the mills for these materials. In every instance, 24c is lower than the prices at which we'll be able to sell similar merchandise for a long, long time to come.

24c yard—that in itself is sufficient inducement for women to buy 'way ahead, supplying now their white and colored cotton goods requirements for the spring of 1921 and early summer.

HOOPER MEETS LABOR LEADERS

Questions of Industrial Peace and Related Problems Considered—Policy Being Framed.

Washington, November 16.—(By the Associated Press.)—Herbert Hoover, former federal food administrator, was called into conference today by the executive council of the American Federation of Labor as it continued a face-to-face discussion of economic and industrial conditions, a purpose for the purpose of framing a policy to be followed by the federation in legislation which it will urge on congress.

Mr. Hoover was invited to the meeting, it was explained, because of his wide knowledge of economic and industrial conditions in America. It was indicated also that the council desired and had obtained from him data which eminent engineers have gathered on questions pertaining to the steel industry.

Members who were in the council meeting behind closed doors were disclosed to talk of the discussions. There was evidence, however, that Mr. Hoover's views did not place all blame for conditions now confronting labor on employers.

Much data has been gathered by the federation from its economic conditions throughout the country. It is known also that today's conference was one of members of the council, while holding employers largely responsible for present conditions, admitted that individual and even groups of workers had not "played fair" in some instances. Mr. Hoover was understood to have told the conference that labor must do its share in the ill which make for unemployment.

Council members said they had been deeply interested in Mr. Hoover's discussion of existing conditions because of its bearing on the federation's search for methods which will avoid intermittent operation of industry and consequent unemployment. It is understood that Mr. Hoover was told that labor leaders regarded the action of some employers in closing plants or operating on a part time, as little short of a social crime.

With this view, however, the former food administrator was said not to have agreed, explaining to the council that he believed other conditions affected plant operation more than the labor leaders realized. He pointed to credit conditions, the slackening of foreign as well as domestic demand and certain other related causes, it was understood.

As to the future, Mr. Hoover made no forecast. He did say, however, he believed the existing economic depression was of a temporary nature and that it constituted a part of the period of transition from war to peace conditions.

Among labor leaders there was a suggestion that the changing conditions of which Mr. Hoover spoke would necessitate changed policies on the part of organized labor, and particularly of the federation. They indicated that they were attempting to change their policy through the study of economic and industrial conditions confronting them as well as the employers.

It developed today that a number of important conferences between labor officials and engineers and economists were held in various parts of the country during the fall and that the federation has been assembling information thus obtained for the study now in progress.

President Commons is understood to have said to his assistants that greater consideration and a better understanding of the situation of the "human element in production" is output is to be increased and waste eliminated. His views also were understood to have indicated strongly the belief that better co-operation must be attained between organized labor and engineers, noting that the engineers know that organization and co-operation is necessary in order to utilize power—human and material.

The council will probably continue its discussion for several days more, although it was not believed any other persons would be asked to meet with it.

Labor Framing Program.
Organized labor's program for the coming year is being framed at the meetings of the executive council. Officials of the federation attending the sessions, all of which are executive, outline labor's reconstruction policy as follows:

Repeal of existing laws and opposition to proposed laws requiring compulsory arbitration of industrial disputes.
Opposition to law restricting the right of workers to quit work.
Enactment of legislation placing drastic restrictions upon immigration from all parts of the world with the most rigid control of that from central and southern Europe.

An intensive campaign of Americanization to counteract the influence of political theories not in harmony with the principles underlying the government of the United States.

Frank Morrison, secretary of the federation, declared that organized labor would insist that the present standards of living and working conditions be not reduced and that wages be maintained upon at least the level of 1914, when the advance made for the decreased purchasing power of the dollar, which government figures he said show to have been more than half.

Mr. Morrison said the American Federation of Labor and its affiliates would not support any political party in the last election and consequently the result of the election did not mean that the forces of organized labor had been routed.

Mathew Well, a vice president of the federation, declared that certain employers were interpreting the result of the election as a license to disregard the interests of labor, but added that he felt confident that the American people ultimately would be found on the side of justice in any controversy.

U. S. PLACED ON BAD PAY LIST BY WESTERN UNION
Continued From First Page

The British embassy also took a hand in the matter, ordering the captain of the vessel not to attempt to land the cable.

McAdoo Employed by W. U.
Sometime after this, William G.

McAdoo, former secretary of the treasury, became counsel for the Western Union company and department officers say he delivered a copy of the contract to the department. It had been explained previously that the department, before issuing the permit desired to determine whether the contract between the American and British companies would strengthen the cable monopoly held by the British company on the east coast of South America.

The permit to land the cable still was withheld, it being explained officially that action was being deferred until after the meeting of the International Communications conference, now in session here, and which is considering the whole question of world communications.

A report reached the government last week that the Western Union was to make another attempt to land the cable and Secretary Daniels ordered the commandant of the naval station at Key West to take the necessary steps to prevent it.

The Western Union company denied at the time that it intended to land the line. It was about this time that the order refusing government cable messages and payment of cash in advance was issued.

In stating that its order regarding cable messages was issued because of the failure of the state department to pay for messages, the Western Union company was said to have pointed out that the department had not made any payment since August, 1919. Department officers explained today that payment had been withheld because the company began to withhold the government rebate of 50 per cent. on cable messages.

Behind in Tolls.
The Western Union was said to have explained that because of war-time conditions it had been unable to clear house in London for the payment of tolls to the British government, which was entitled for government messages and that no rebate to the government could be made until this balance had been paid by the clearing house.

Questions now before the International Communications conference are also said by the officials to be a part of the row between the Western Union and the state department. Negotiations begun by the American government to obtain one of the former German trans-Atlantic cables now held by the British and thus give direct cable communications between the United States and Germany are said to have reached a successful termination and to have depended for final fruition only upon the willingness of an American cable company to exchange one of its lines for the former German line which extends from Halifax to Pensance.

It is understood that the state department was negotiating with the Western Union for the exchange of cables, but these negotiations were said to have been broken off as a result of differences between the department and the company.

Statement by Carlton.
New York, November 16.—Newcomb Carlton, president of the Western Union Telegraph company, today issued the following statement with regard to the company's refusal to handle any but prepaid cable messages for the state department.

"The dispute with the state department on the payment of cable tolls is of long-standing and the Western Union Company has been forced to pay the tolls on cable messages because of the arbitrary policy adopted by the department in dealing with the company's bills.

"To the company there seems no reason why the business fairness and justice that prevail in commercial life should not prevail in the state department and it is not the company's intention that the state department shall arbitrarily decide what it shall pay and when it shall pay for the use of the company's facilities.

OPERATION RECALLED BY WESTERN UNION.
Miami, Fla., November 16.—The Western Union Telegraph company has recalled to New York the eighteen cable operators and test men who have been here since September, awaiting completion of the Miami-Barbados cable, which has been landed by the United States government. It is understood the Western Union is sending the men said before leaving.

GREEK TROOPS FIRE ON ATHENS CROWD
Continued From First Page

placate the already difficult situation in the Near East.

With the defeat of Premier Venizelos regarded by the French foreign office as certain, it is said the position of France and Great Britain with regard to former King Constantine is very clearly against his return, and that both powers are determined to do everything possible to prevent it.

Great Britain and France, it is indicated, will act together, but will await some indication of Constantine's intention to return. Should that be manifested they will then do whatever may be necessary.

It was declared today at the foreign office that France would take all possible steps to keep the king off the throne. The question of the return of former Crown Prince George had not yet been raised, it was added.

"The defeat of Premier Venizelos," a foreign office statement said, "may be termed a disaster, but it is not a disaster for the Greeks for the man who brought the country to the allies' side and greatly increased its size, power and influence, and this view is shared by the allies. It was a great shock to the allies."

RHALLIS ASKED TO FORM CABINET.
London, November 16.—George Rhallis, former Greek premier and minister of finance, has been asked by the regent to form a cabinet succeeding that of Eleftherios Venizelos, which resigned

this morning, says a Reuters dispatch from Athens.

The house at Athens has been closed because of the fear of a panic, it is said.

Another Reuters message from Athens said M. Rhallis had accepted the task of forming a cabinet. The former opposition leader, it was added, were expected to meet today to decide whether they would recognize Admiral Coudouros as regent.

MUCH PLEASED.
Lucerne, Switzerland, November 16.—Former King Constantine of Greece and Professor Georgios Streit, former Greek foreign minister, who is with the ex-king here, spent a wakeful night last night receiving hourly telegrams on the result of the Greek elections from Athens. They were greatly pleased at the defeat of their "arch enemy," Premier Venizelos.

The ex-king has refused to make any statement regarding his plans. He said, however, that he would be able to do the will of the people. It is a question of the right of self-determination. The Greek people choose to continue their allegiance to me, I must answer their call."

FOUR SLIGHT BLAZES CALL OUT DEPARTMENT
Slight damage was done to a two-story brick single room dwelling at 870 Peachtree street, owned and occupied by W. L. Watts, by fire from a defective furnace yesterday.

A defective chimney caused a small fire in the kitchen, which spread to a bucket of water at 233 Woodward avenue, the place owned and occupied by E. Peters. There was no damage.

Steam escaping from a defective pipe at 733 Peachtree street, occupied by W. L. Whitman, caused the fire department to be summoned. There was no fire.

Paper placed too near a stove caused a slight blaze at 555 Edgewood avenue, the house occupied by E. Peters. There was no damage.

Fire from undetermined origin did slight damage to a box car of the Central of Georgia railroad at Peters and Leonard streets.

\$5,000,000 ISSUE IN BONDS IS ASKED
Atlanta Gas Light Company Files Petition With Rail Board.

The Atlanta Gas Light company Tuesday filed with the Georgia railroad commission a petition for permission to issue \$5,000,000 in sinking fund gold bonds for the purpose of refunding or discharging outstanding bonds secured by mortgages upon its property and making improvements.

The denomination of the proposed bonds would be \$1,000 each, dated October 1, 1920, and payable October 1, 1970, bearing interest at a rate not exceeding 6 per cent. The first block of the bonds would amount to \$500,000 and would be issued as soon as possible.

R. C. Congdon, president of the company, signed the petition, and the commission has taken it under consideration. The date of the hearing will be announced later.

FRIENDS ARE SEEKING FOR GLENN GILSTRAP
Relatives and friends of Glenn Gilstrap, a young man of Alpharetta, Ga., who has been missing from his home since October 21, have instituted a widespread search for him. His brother, Paul Gilstrap, being in Atlanta Tuesday endeavoring to obtain some clue that might lead to a trace of his whereabouts.

Young Gilstrap is 20 years of age. According to his brother, he left home with the consent of his parents to take a place with a contracting firm in LaGrange. He was reported to have been seen in the city the next day, when he disappeared and no word of him since has been received by his family.

He is described as being about five feet nine inches tall, black hair and eyes, weighing about 150 pounds. He is the son of Mr. and Mrs. Elijah Gilstrap.

Documents prove that William the Conqueror, England's first Norman king, could not sign his own name.

ACTRESSES MET DEATH WHILE TAKING JOY RIDE
Chicago, November 16.—Three men alleged to have accompanied Marie Ramey and Lillian Thompson, two actresses whose bodies were found in Grant park Sunday morning on a cabaret tour the night before, were arrested this afternoon by detectives. The police refused to divulge the names of the prisoners.

The men were arrested on information supplied to Police Commissioner Anna Louchee, who told her story to Chief of Police Fitzmorris and was assigned to assist in the case. The police believe the men had accomplices and are endeavoring to locate other suspects.

After questioning by the police the men under arrest are said to have admitted that they accompanied the women on the night before their death. Chief of Detectives Hughes said the men denied any implication in the actresses' death.

After the men had made statements which were withheld by the police, Chief Hughes declared that his belief that the women came to their deaths through exposure and alcohol poisoning. Police believe that the mystery surrounding the deaths of the women has been solved and before tomorrow additional arrests will be made, clearing up the whole case.

William Harris, a chauffeur, who surrendered to the police, told them he drove the women and two men on a joy ride Saturday night and admitted, according to the police, that when the women became boisterous they were taken to Grant park and thrown out of the machine. The two men with the actresses on the joy ride in Harris' automobile, he said, were arrested today.

They were "picked up" by the police, he said, and taken to the police station. They denied any brutality. Their names were not divulged by the police.

Correct Silver
for the

Thanksgiving Table

WE HANDLE THREE GRADES OF SILVER, each of which is splendid in its particular niche. We have the Sterling, the Sheffield Plate and the popular Community, in both the 25-year and the 50-year grades. Nothing so adds to the charm of the table as does correct Silver, nothing more definitely indicates breeding. To familiarize you with the things we sell we are giving a list and quoting prices herewith, and we will be more than glad to advise with you on Correct Table Ware at any time.

Sterling Silver—
Knives are priced... per doz. \$50.50
Forks are priced... per doz. \$59.00
Table Spoons priced... per doz. \$59.00
Dessert Spoons.

Sterling Silver—
Here we have both the Flat ware and the Hollow ware. The Flat ware includes Knives, Forks and Spoons of every description for every table use. This is a splendid, heavy grade of silver and there are many SERVICE PIECES to be had as well as the individual pieces. Prices in Sterling Silver are not very high when one considers that Sterling is an investment for a lifetime and more.

In the Hollow ware there are sets for sugar and cream. Tea sets and plates for every purpose. After dinner Coffee Cup sets are also to be had and here, too, one finds very moderate prices, considering the quality and the length of service this splendid ware will give.

Sheffield Plate—
In Sheffield plate we have only the Hollow ware. This is a beautiful metal, resembling Silver and wearing splendidly. In the designs there are many reproductions of famous old silver pieces, many of them made after the handcraft of the Dutch Silversmiths, who were craftsmen of world-wide fame. There are Trays and Plates and Tea Services and the prices are very attractive.

Community Silver—
This plate has won popularity from every corner of the Globe, and from every walk of life. There are beautiful designs to choose from in both the 25-year and the 50-year quality. There are the individual pieces, knives, forks and spoons for every purpose and the service pieces to assure correctness in the table setting. These are priced moderately when you take into consideration the quality of the merchandise and the length of service to be obtained from its use.

LILBURN WILL PROBE ORIGIN OF BIG FIRE

Fire Business District Is
Wiped Out—Residence
Section Saved.

Lilburn, Ga., November 13.—(Special.)—That the Gilpin county jury will probe the origin of the fire here early Monday which wiped out the business section of the town, and that detectives may be brought into the case, were developments here today after examination over the blaze had slighted.

The business section was destroyed except for two stores, and fully heroic work of volunteer bucket brigades saved the residence section. Suspicious circumstances in connection with the fire, it is said, have been brought to light. The total fire loss is placed over \$50,000.

The fire was discovered by Frank Farmer, who lives across the street from the Lilburn Supply company, where the fire originated. It had taken its way towards the east entrance and had gained such headway that nothing could be done to check it. The Lilburn Supply company was completely destroyed, with no insurance, it is reported.

L. S. Brownlee lost his building and stock of goods, valued at approximately \$5,000, with \$4,500 insurance. J. C. Shillworth lost his warehouse and a big lot of lumber. There were several bales of cotton in this warehouse, but were saved. It is said that Shillworth had no insurance. The Bank of Lilburn was damaged. N. G. Bennett, who opened a new grocery store, completely wiped out, with no insurance. Lee's grocery store was destroyed with its stock. It was not insured. Dr. E. J. McDaniel's office and stock of drugs were destroyed. J. G. Young's residence was badly damaged and his smokehouse, containing a lot of meat, destroyed.

It has not been decided yet as to whether the buildings will be replaced.

Foundries Resume Work.

Anniston, Ala., November 13.—(Special.)—Operations have been resumed in full in every department by the Central foundry company at the Anniston plant after a brief suspension. Other Anniston foundries that had closed down in part or as a whole are notifying their employees to report for work again and will resume operations at once. It is believed there will be no further interruption.

The winter boxing season in Kansas City is to be held in with a show to be held in Convention Hall the night of November 18. The chief attraction of the evening will be a ten-round bout between Champion Jack Britton and Morris Lux.

Spent Money Foolishly

I have been a great sufferer from stomach trouble and indigestion. No one knows the pains I have suffered. Since taking the first dose of Maize's Wonderful Remedy, I am feeling fine, can work all day and eat anything I want. I have no more distress or palpitation of the heart from gas on my stomach. I have spent a great deal of money on doctors and medicine that got nothing to help me. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practical all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Write to Maize's Pharmacy and druggists everywhere.—(adv.)

Court Suit Shows Gold in Georgia And Lots of It

All That Is Needed in
Rabun County Is Money
for Development, Says
Attorney R.E.A. Hamby.

Gold in Georgia, and lots of it, may seem a surprise to some persons, but the case now in the state supreme court of Green vs. Hall, an appeal from a Rabun county superior court award of \$5,000 against the Dr. W. J. Green estate, in the gold region, brought to light that in Rabun county alone there are three gold mines being worked at big profit, and a number of other mining properties that are inactive, only awaiting development.

Attorney R. E. A. Hamby, of Clayton, Ga., who represented the plaintiff in the supreme court hearing, and who is now at the Wilmet, where he is staying while awaiting the court's decision, says that gold has been mined in Georgia in appreciable amounts since the days of the Indians. "Placer mining in Georgia is being done in Rabun county today," said Attorney Hamby. "In the Smith, Keener and Barclay mines. And in the northwest part of the county there are other large mining properties are awaiting further development. The Stonecipher, Dickerson and Moorehead mines.

Many Large Properties.
"In the northeastern part of the county there are the Ammon Branch, Heddley, Page, LaMar and Hamble mines. The only properties that have been worked since 1840 in addition to the three in operation now, is the Stonecipher. The owners of these properties, rich in gold deposits, are merely holding their lands because of indifference to wealth. But at any time, any of these properties can be worked successfully."

At times quoting from a federal geological survey bulletin, Attorney Hamby continued: "The gold deposits of Rabun county belong to two auriferous belts, one in the extreme western and the other in the extreme eastern part of the county. The belts vary from one to four miles in width. In the gravel of all of these streams gold is found in quantities. Ore bodies occur at irregular intervals along both of these belts. The western belt appears to have but few breaks. The eastern belt is less continuous. But successful placer mining has been carried on, and is now being done along the small streams."

"The topography of the country is rugged and mountainous, with high ridges and an abundance of fine scenery. A great broken chain of cliffs extends for miles."

"Owing to the abundance and rapidity of the streams, hydraulic mining can be carried out with comparatively small outlay. Many of the ore veins unquestionably are of eruptive origin. The gravel along the various streams tributary to the Tallulah river carry rich deposits of gold."

Placer Mining Successful.
"Placer mining always has proved to be the most successful. The greatest activity in the mines was before the civil war, although some of the properties have been worked continuously until today. There can be no question that certain portions of the placers are immensely rich, and paying the miners handsomely."

Referring to the Barclay mines, litigation over which is now before the supreme court here, Attorney Hamby said: "The Barclay property was first prospected in 1849, and some ore mined. The excavations were found to be rather inaccessible, and not much is known concerning the ore bodies. In 1903, Dr. W. J. Green and Captain S. S. Hall, of Clayton, Ga., purchased this property from Hugh M. Barclay. In this year they sold one-third interest to George Lewis Prentiss, of New York. In 1904, Captain Hall sold his interest to Dr. Green and Mr. Prentiss purchased from Dr. Green enough stock to make himself owner of one-half of the property. Some Indianapolis financiers joined Green and Prentiss in working the

property for two years. Improvements cost \$30,000 were made and considerable gold mined. In 1906 they ceased operations and no gold has been mined there since. The property is now owned by Dr. Edward Egar and Associates of Demorest, Ga. This is the property over which the case in the supreme court originated. Mr. Hall having been awarded \$5,000 as his share in the undivided half of the estate."

**HARDING URGED
TO VISIT MEXICO**
Continued From First Page

desire of the Mexican government and General Obregon," continued Mr. Fall, "that Senator Harding should find it possible to be in the City of Mexico on November 28, when General Obregon will be inaugurated president."

It was explained that an itinerary could be arranged for Senator Harding's trip to and from the ca-

nal zone, by which it would be possible for him to be in Mexico City on the day indicated, and yet to keep his engagement to land at Norfolk, Va., on December 4.

Senator Harding assured Mr. Fall that it would give him the greatest pleasure and delight to accept the invitation, provided it could be arranged as to dates and steamship movements, without interfering with the previously arranged itinerary for his trip. He expressed himself as deeply appreciating and fully reciprocating the sentiments of friendliness which were attested by the invitation and the cordial manner of its presentation.

"He suggested that it would be hardly possible for him to make the trip into the interior of Mexico so far as the City of Mexico, or to be a guest at the inauguration of General Obregon. But he added that he would consider arrangements to have the steamer on which the Harding party will travel to the canal zone touch at some Mexican port, probably Vera Cruz, which would be a great pleasure to him; but he could give no definite assurances about such a modification of plans."

Senator Harding assured his call-

er that he spoke only as a private citizen, but that he was sure America was desirous of not only wholly peaceful but cordially friendly relations with Mexico and her people."

"Did you watch stop when it dropped on the floor?" asked a man of his friend.

"Of course it did," was the reply. "Did you think it would go through it?"

"It did."

"Bring and twine to the value of \$5,000 a year is gathered by the rag-pickers of Paris from the rubbish boxes in the public places of that city."

YOUNG MEN'S SUITS OF FINEST QUALITY

Men who wear 13½, 16 and 16½ size in shirts can secure some very wonderful values in the shirts we are selling at \$2.25. Values \$3.50, \$4.00 and \$4.50.

PRICE + PURITY = WAR DEPARTMENT CANNED MEATS

The United States Government, through the War Department, has launched another drive against the High Cost of Living.

Millions of dollars' worth of canned meats—Roast Beef, Corned Beef, Corned Beef Hash, and Bacon—those meats which American soldiers, at home and overseas, consumed for months, and which hundreds of thousands of civilians in every section of the United States tested and found delicious during the initial drive, are again being offered to the public. These War Department Canned Meats will be put on the shelves of the dealers of the United States at such a low cost as to insure their introduction into the home of every American who appreciates a high grade of canned meats and who appreciates the value of saving a dollar.

Seven years ago you bought canned meats at what today are impossible prices—elsewhere. But the War Department is making it possible for you to purchase foodstuffs at figures even below those of pre-war days.

The quality of War Department Canned Meats is unquestioned. For

three months, now, these meats have been on the American market. That the thrifty American housewife appreciates their high standard is demonstrated by the fact that more than \$10,000,000 worth have left War Department storage houses for the consuming field.

Quality plus price will guarantee their resale. The dealer will purchase them at such a low figure that he will be able to re-sell them at a price far below that obtaining in the commercial field, and still make a reasonable profit.

These meats are to be sold in the United States, and the American people, whose money, through Liberty Bonds, taxes, etc., purchased them, are being enabled to reap a return by rebuying them. Not only will a big saving be effected, but the best grade of canned meats possible can be obtained. Compare the prices in the table below with a similar list obtainable from your dealer. You will be astounded at the difference. Test the quality of War Department Canned Meats. You will find them the equal of any. The War Department stands behind every can sold.

Prices and Discounts to Dealers—Effective November 15th, 1920

Prices on War Department Canned Meats Are as Follows:

CORNED BEEF
No. 1 cans... 15c per can
No. 2 cans... 27c per can
1-lb. cans... 18c per can

CORNED BEEF HASH
1-lb. cans... 15c per can
2-lb. cans... 30c per can

ROAST BEEF
No. 1 cans... 9c per can
No. 2 cans... 18c per can
1-lb. cans... 12c per can
2-lb. cans... 24c per can
6-lb. cans... 70c per can

BACON
12-lb. cans... \$2.50 per can

Freight Prepaid

Shipments of not less than carload lots will be made at Government expense to any point in the United States outside a radius of 20 miles of the point of storage from which shipment is made.

Send Orders to Nearest DEPOT QUARTERMASTER at the Following Addresses:

New York City, 461 8th Ave.
Boston, Mass., Army Supply Base.
Chicago, Ill., 1819 West 39th St.

Atlanta, Ga., Transportation bldg.
San Antonio, Texas.
San Francisco, Cal.

Table of Discounts

The discounts to apply on all purchases of surplus canned meats on and after November 15th, 1920, are as follows:

\$250 to \$1,000, Net. 22 per cent.
\$1,000 to \$2,500, 5 per cent.

\$2,501 to \$4,000, 10 per cent.
\$4,001 and over, 20 per cent.

On full carload lots, shipped at Government expense, if value of full carload is less than \$4,001.00, then 20 per cent discount will be allowed on the value of the carload.

When purchases reach \$50,001—
24 per cent net to prevail.
When purchases reach \$100,001—
25 per cent net to prevail.

When purchases reach \$500,001—
32 per cent net to prevail.
When purchases reach \$1,000,001
and over—
35 per cent net to prevail.

This means that the total purchase of a customer in carload lots from time to time will be taken into consideration and the proper discount applied on the sum of all the purchases, including the first carload lot.

Mrs. Harrington's Tea.

Mrs. Eugene Harrington will entertain at an informal tea Thursday afternoon at her home, 1215 Peachtree street, N. E. The guests included the bride, Mrs. Charles Cargill, of Grand Rapids, Mich. Mrs. Latimer Ruppel, of Gainesville, who is visiting her sister, Mrs. Russell Bridges, 2 her home on Penn avenue. Among the guests were the ladies of the Mrs. Frank Wright.

Rehearsal-Dinner.

A final beautiful entertainment in the series of parties, Mrs. Brooks Mell was the dinner given at the

Capital City club last night by Mr. and Mrs. George M. Brown, Jr. The dinner followed the rehearsal, and the guests included the bride, Mrs. Charles Cargill, of Grand Rapids, Mich. Mrs. Latimer Ruppel, of Gainesville, who is visiting her sister, Mrs. Russell Bridges, 2 her home on Penn avenue. Among the guests were the ladies of the Mrs. Frank Wright.

Women Citizens Study Great Political Parties.

The first session in the school of citizenship promoted by the League of Women Voters, one of the most important steps yet taken in the advancement of the civic education of Atlanta women, was held yesterday at chamber of commerce hall.

parties in the United States. The origin of the two parties, the meaning of the national conventions, the making of the two platforms and the reasons for the lining up of certain sections with one party or the other, Mr. Arnold described.

Benefit Concert Home for Incurables.

An elaborate program has been prepared for the benefit concert for the Home for Incurables on Thursday evening at 8:15 o'clock, at Wesley Memorial church. Those taking part will be Miss Ruby Hol-

ingsworth, soprano; Miss Inez Bell, pianist; Mr. Richard Hollins, baritone; Miss Inez Marvin, violinist.

SOCIAL ITEMS

Mr. and Mrs. Hugh K. Walker, Jr. of Los Angeles, Cal., are in the city for two days, en route from New York to Los Angeles, Cal., while in Atlanta they are guests of Mr. and Mrs. Cassius, on Peachtree road. Mr. Walker is the son of Dr. Hugh K. Walker, former pastor of the First Presbyterian church of Atlanta.

Mr. and Mrs. Clay W. Penick, of Madison, Ga., announce the birth of a son at St. Joseph's infirmary. Mrs. Penick was Miss Mildred Thomas, of Atlanta.

Mr. Frank Hughes, chief yeoman, U. S. S. Culgo, U. S. N., is visiting his mother, Mrs. Hughes, on Linwood avenue.

Mrs. Hunter Muse will return today from Albany. Miss Miriam Jones will accompany her for a visit.

Mr. and Mrs. W. W. Banks have returned from Tifton.

Mr. and Mrs. James R. Holliday and Miss Katherine Holliday are in New York.

Miss Kate Lynan has returned from Columbia, S. C.

Mr. and Mrs. Edgar F. Lindgren, of Charlotte, N. C., announce the birth of a son on Sunday, November 14, who has been named Edgar, Jr. Mrs. Lindgren was formerly Miss Annie Lee Gray, of Atlanta. Mr. Lindgren was also formerly of Atlanta.

Mrs. L. B. Ramsaur, of Lassiter, Va., is visiting her sister, Mrs. W. F. Crussell, 503 Spring street.

Mrs. Leonora Beck Ellis, of Florida, is the guest of Judge and Mrs. Marcus Beck.

Mrs. L. A. Bodeyworth, of Charlotte, is the guest of Mrs. Gillespie Sadler at 67 West 15th street.

Mrs. L. P. Blackburn has recently moved into the former home of Mr. and Mrs. J. S. Payne, corner of Peachtree and Fourth streets. Mr. and Mrs. Fred Schaeffer, Mr. and Mrs. William W. Martin, Mrs. G. C. Warren and Miss Hattie Warren, of Tampa, and Mr. and Mrs. Carnegie are making their home with Mrs. Blackburn during this winter. Mrs. Blackburn and her daughter, Lillian, are also with their mother, Mrs. Blackburn.

Mr. and Mrs. J. Carroll Payne have moved into their apartment at 1301 Peachtree road.

Mr. and Mrs. Edward M. Durant and their son, Mr. Ross Durant, have closed their home on Peachtree road and will make their home this winter with Mrs. L. P. Blackburn on Peachtree street, corner of Fourth street.

Mr. Walter Barnwell has returned from a trip to New York and Washington, D. C. Mr. Barnwell and his daughter, Miss Louise Barnwell, attended the Yale-Princeton football game. Miss Barnwell is attending school at National Park seminary.

Mr. and Mrs. Stuart Witham returned Monday from a two weeks' visit to New York.

Mrs. W. B. Willingham, Jr., entertained at a bridge party yesterday afternoon at her home in West End, in honor of Mrs. Latimer Ruppel, of Gainesville, the guest of Mrs. Russell Bridges, on Penn avenue.

Miss Polly Perkins, of New Orleans, will be the guest of honor at the luncheon given Friday at the Piedmont Driving club. Miss Perkins arrives on Thursday to visit Miss Catherine Sanders at her home on Peachtree road.

Mrs. Frank D. Holland has returned from Greenville, S. C., where she visited her daughter, Mrs. Charles McAllister, and will spend the winter in Atlanta.

Mrs. William H. Kiser joined her sister, Mrs. Stephen Watt, at Charlottesville, Va., on Sunday, and they will spend two weeks together in New York.

Mrs. John J. Hill, of Springfield, Ill., has returned home after visiting Miss Isoline Campbell.

Mrs. Sol Wisberg is in Macon.

Mrs. Harrison Jones will return Sunday from Columbus.

Mr. Snowden McGaughey has returned from New York. Mrs. McGaughey will remain for a visit with friends.

Mrs. Richard Ellis, of Tampa, Fla., is the guest of a brother and sister, Judge and Mrs. Marcus Beck, at their home on Columbia avenue.

Mrs. Ellis was formerly Miss Leonora Beck, of Atlanta.

Mr. Robert S. Wessels is in New York, where he has joined Mrs. Wessels, who is visiting her sister, Mrs. Smith.

Mrs. George M. Brown, Miss Corrie Hoyt Brown and George M. Brown III, leave in a few days for Colonel's Island.

Miss Mary McAllister, of Greenville, S. C., is a visitor, at Mrs. Frederick Stokes, at her home on Peachtree circle and Peachtree road. Miss McAllister is one of the belles of South Carolina's social life.

NOVEMBER CEREMONIAL LAST FOR THIS YEAR

Proximity to Holidays Decides Yearab Officials on January Date.

Announcement is made by illustrious Potentate Henry C. Heins that the ceremonial session of Yearab Temple to be held on Tuesday, November 30, will be the last ceremonial to be held this year.

It has been customary to hold a ceremonial session in December shortly after the close of the Scottish Rite had finished, but it was found that this would push the ceremonial so close to Christmas that it was deemed best to hold it shortly after the holidays.

The annual business meeting of Yearab Temple for the election of officers and transaction of the regular business of the temple will occur on Wednesday, December 15, in the Scottish Rite apartment of Masonic temple, and the hour will probably be 8 p. m.

Official announcement of the ceremonial session to be held on November 30 is now being printed and will be mailed to the nobility within a few days, together with the list of applicants.

Recorder George E. Argard announces that applications for membership in this class must be in his possession on Saturday, November 30, accompanied by a fee of \$100, plus cost of fee and dues for the remainder of the year. Inasmuch as there will not be a ceremonial until after the first of the new year the November class will likely be unusually large.

DONALSONVILLE BANK IN RESERVE SYSTEM

Joseph A. McCord, chairman of the board, Federal Reserve Bank of Atlanta, announced that the Bank of Donalsonville, of Donalsonville, has been admitted to membership in the federal reserve system.

Another Contract With Car Company

Vetoed by Mayor

Mayor Key Tuesday vetoed a resolution passed Monday by city council authorizing the chief of construction to enter into a contract with the Georgia Railway and Power company to repave the intersection of South Forsyth and West Hunter street.

Under the proposed agreement the power company was to remove the old material from the street and place a concrete base, bringing it up to the base of the granite block pavement, the city to furnish and lay the granite blocks. The mayor asserted that the company should supply and lay its own granite blocks within the area of its car tracks, and on this ground disapproved the paper.

CEMETERY BOOZE

COSTS THE OWNER

PENALTY OF \$100

F. O. Taylor, of West End, was sentenced to pay a fine of \$100 in the city criminal court Tuesday for violation of the state prohibition laws. After county policemen told this court the defendant had buried his liquor in the Utoy cemetery, and had then gone back and dug it up as pastor.

New Dublin Pastor.

Dublin, Ga., November 14.—(Special.)—Rev. C. D. Graves, D. D. of Wake Forest, N. C., has accepted the pulpit of the First Baptist church here and will take up the duties of the pastorate January 1. Dr. Graves comes recommended as one of the ablest ministers in the Southern Baptist convention, and there is general satisfaction among the membership over securing him as pastor.

Pour Ham Gravy Over It

FRY a slice of ham. Boil a dish of rice so that the grains all stand separately. Then just pour the ham gravy over the rice and let it seep down through every plump, tender flake. The rice will take the delicate flavor of the ham. And you will enjoy one of the finest meals you ever sat down to.

Rice should be served as a vegetable. It's great with meat, or fish, or poultry. It adds wonderfully to soups and stews. Eat it every day as you do potatoes with gravy or butter on it. Rice is the best food grown. American rice is the finest in the world!

No other food can be served in as many delightful ways as rice. There are over three hundred tasty dishes that rice can be made into. Just try it with sugar and cream for breakfast.

It saves you money. Rice is the most economical food. One cupful makes enough for five people. There is no need to ever waste rice. If any is left, it can be made into one of many very tasty dishes.

Rice keeps you healthy. It sustains your energy. It gives you strength. It nourishes you. Rice digests in one hour. This is quicker than any other food.

The Master Recipe from the South

As cooks, the southern mamies are justly famous. This is their recipe for boiling rice. It is so simple that anyone by following it, can cook rice successfully the first time they try.

Wash rice thoroughly in a strainer. Use a deep porcelain or agate-ware kettle. To four cups of boiling water add one level teaspoonful of salt. Then add one cup of washed rice so slowly that water continues to boil. Lift rice occasionally with fork and shake kettle so that no kernels stick to bottom. But—this is important—never stir the rice. Boil twenty minutes. Then pour water off, if any, and place in open oven where it will finish swelling without burning. Each grain will stand alone, plump, tender, and delicious. Consult any standard cook book for a number of excellent recipes for rice.

The Bright Spot of Atlanta
DAYLIGHT STORE

HIGHTOWER'S

Comfort in Cold Weather

Radiant Home

The cold days and nights are upon us and find this store prepared with a large stock of the best heaters.

FRANKLINS

One of the most convenient little heaters we have of. For light, fine and boiling when you do not care to light up the big stove. Has two eyes on top. A gentle heat will be sufficient to heat your room for a day. Prices \$12.00 up.

Simmons Wilson

This heater differs from the ordinary Hot Blast Heater. Inasmuch as it has a four-section fire pot. When one section burns out you do not have to buy an entire pot. The bottom is solid cast iron. Large ash pan, easily holds fire over-night.

HIGHTOWER'S Oil Heaters

For a bathroom, dining room or bedroom, our Heaters will always please you (No smoke and no smell). Holds a gallon of oil, and one filling will last continuously all day if burned. They are simply wonderful, this kind of heater. Order one out today. Prices, \$8.00 up.

O. K. Cast Iron Heaters

This little heater will more than pay for itself over a grate fire in two months' time. They have nickel screw draft registers bottom and top. They are strong and substantially built. Prices, \$10.00 up.

For Miss Brown.

Miss Mary Brown, a bride-elect, was honor guest at a bridge-ice yesterday afternoon, at which Mrs. William Perlin Nicholson, Jr., was hostess at the Piedmont Driving Club. Yellow and white chrysanthemums decorated the apartment, and the tea table was lovely in the appointments of silver and yellow flowers.

Bridge Luncheon.

Mrs. W. R. Crowe will entertain at a bridge luncheon on Friday, November 19, at 4:30 o'clock.

BIG HOLIDAY PAGEANT PLANNED BY WOODMEN

A proposal to hold a monster holiday pageant in Atlanta on December 15 will be discussed at a meeting of Capital City Camp, No. 786, Woodmen of the World, to be held tonight at the Red Men's Mikwan. The tentative program for this big pageant include speeches by prominent Atlantans, citizens and by leading Woodmen. The proposed pageant is expected to draw an even larger crowd than the recent Woodcraft rally. It was announced Tuesday by Clark W. Sapphens that officers of the camp have been moved from the Atlanta National Bank building to 504 Silvery building.

Delightful

is the only adequate expression which conveys the true description of these larger hats--hats of exquisite charm and rare beauty.

A FALSE STANDARD OF CULTURE

has gained ground in this country which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when health and backaches are a thing of the past, brave sons and fair daughters rise up and call her blessed.—(adv.)

His Friend and His Wife

By COSMO HAMILTON.

(Continued From Yesterday.)

Frankie Munday, whose own life had been very terribly wounded, was touched at the sight of this girl so young and lonely and white, and she bent over her and kissed the small fair head.

"I've slipped away for a few minutes," she said. "I had a picture of you sitting like this. I couldn't bear it. If only those people would make less noise. Come into the drawing room, my dear, and let's talk things over quietly."

"Where's Julian?" asked Daisy. "No one has seen him. And, anyway, he has no right here now."

"You've divorced him. This is no longer his house."

Frankie led the bewildered and trembling girl into the drawing room out of range of the servants' listening ears, and the two sat down knee to knee in a room lighted only by the moon and filled with the scent of lilac. It was very plain to Frankie that her little friend didn't know what the law had done for her. She knew Wilbur Hicks, the lawyer who had represented Margaret, was one of the diners whose laughter rang out so frequently. From him she had gathered the exact position of affairs.

"Can you bear the truth?" she asked.

Daisy hesitated, clasped and unclasped her hands, and then, with a deep breath, nodded.

"Listen then, there was a woman at Baltimore. She attended before the referee and swore that it was she who was caught by the detectives. It appears that she registered as Mr. Meredith, and she explained that she called herself that name because she had taken it for the movies. Her dress case had the letters 'M. M.' on it, and the tag bore the name 'Meredith, Quaker Hill.' She stays here sometimes, but I don't know who she is. I don't know, and Mr. Hicks tells me it doesn't matter. Probably she was asked by the referee for her real name, but it won't come out, and it appears to be nobody's business. It was sufficient that she and Julian both swore to the fact, and that enabled you to get your divorce. I got out of Mr. Hicks that Margaret was with her sister at the opera that night and that she stayed in New York with her in East Sixty-second street. It seems to me that none of us is going to be safe if these movie actresses are permitted to take any name they like. And now, my dear, it comes to this. You are free from Julian, but you are soon as the court ratifies the verdict of the referee—only a matter of a short time. If you'll take my advice, and I give it to you as a woman who has suffered and who knows what she is doing, I must go back to my name. I'll be bound to it. I'll keep it up and come to you. If so, it will be better for you to have a heart-to-heart immediate scratch the idea of working a letter that I suggested to you before. Good night and good luck."

(Continued Tomorrow.)

HURT WHEN BRIDGE COLLAPSES; ASKS \$40,000 DAMAGES

The Southern Railway company was made the defendant Tuesday in a \$40,000 damages suit brought by John L. White for alleged injuries he received November 8, when a carload of lumber wrecked the Whitehall-McDaniel street bridge. The plaintiff sets out that he was crossing the bridge at the time of the accident and was injured when the structure collapsed pieces of timber, loaded too high on a car, striking the flooring of the bridge and tearing it up.

BOGUS ARMY CAPTAIN TO FACE NEW CHARGES

Deputy United States Marshal John Z. Lawshe will leave this morning for New York city with James W. Guard, alias Captain Richard Courtney, who has just completed a sentence at the federal penitentiary on the charge of impersonating an army officer in his custody. Guard faces federal charges in New York of obtaining money from the government under false pretenses. It is alleged that after leaving the army Guard retained his uniform, and after securing a quantity of officers' pay slips, managed to obtain various amounts from an army paymaster.

BRITISH CITIZENS SEEK PROTECTION AGAINST IRISH HERE

Protection of British subjects in Atlanta from alleged threatened reprisals by Irish in this country for deaths of their countrymen at the hands of British soldiers in Ireland was asked of the Atlanta police department Tuesday in an address from A. M. Brookfield, British consul at Savannah, by direction of the British ambassador in Washington.

DR. WILMER ADDRESSES LOCAL KIWANIS CLUB

A highly entertaining address by Dr. C. B. Wilmer, rector of St. Luke's Episcopal church, was the featured Kiwanis luncheon, which was held at 12:30 o'clock Tuesday in the Kimball house breakfast room. Dr. Wilmer was introduced to the club by Dr. J. Spivey, pastor of the First Presbyterian church, and a popular Kiwanian. Dr. Wilmer's address dealt with the relation existing between the church and men of the business world.

Another Royal Suggestion

DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

DOUGHNUTS!

There is nothing more wholesome and delightful than doughnuts or crullers rightly made.

Doughnuts

3 tablespoons shortening
1 cup sugar
1 egg
1/2 cup milk
1 teaspoon nutmeg
1 teaspoon salt
1 cup flour
4 tablespoons Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder; mix together and make dough stiff enough to roll. Roll out on floured board to about 1/8 inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 30 seconds. Drain on ungreased paper and sprinkle with powdered sugar.

Crullers

4 tablespoons shortening
1 cup sugar
2 eggs
3 cups flour
1 teaspoon cinnamon
1/2 teaspoon salt
3 tablespoons Royal Baking Powder
1/2 cup milk

Cream shortening; add sugar gradually and beat on eggs; mix together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/8 inch thick and cut into strips about 4 inches long and 1/2 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep fat hot enough to brown. Drain and roll in powdered sugar.

CHURCH SESSION ACTS ON MISSIONS

South Georgia Methodist Conference Takes Important Action in Session at Moultrie Tuesday.

BY REV. W. A. BROOKS.

Moultrie, Ga., November 16.—(Special.)—Young preachers today before the examining committees of the South Georgia conference for admission on trial were: Rev. James Oliver Bennett, Sardis, Thomas, Monroe, Lake, Rhine; Clements T. Walker, Shellman; Anthony Hearn, Clayton; J. Edward Fain, Emerton; William Henderson Wilcox, Alma; Clarence Ethan Smith, Merzhon; Marjorie Boush, Cusseta; George Patrick, Savannah, and Henry Ellis, Wells.

Rev. Elmer W. Graves, of Columbus, was recommended for readmission.

One of the most important board meetings held today was that of the board of missions, Rev. T. D. Ellis, D. D., of Macon, presiding. The meeting was opened with prayer by Rev. J. C. Brooks, presiding elder of the Valdosta district. After the roll call, Rev. W. P. Budd, of Tifton, was elected secretary of the board of missions to fill the place of Rev. J. N. Peacock, presiding elder of the Columbus district, who resigned on account of his district work.

The following missions were continued: Americus district, Leo Street, Americus; Blakely mission and Smithville circuit; Columbus district, Juniper; Cordele district, Arab; Macon district, Newburg and Crosskeys, Gordon and Knoxville; Savannah district, Lawtonville; McRae district, Surrency, Uvalde, West Green; Valdosta district, Milltown, Moultrie and mission; Waycross district, Woodbine; Willacoochee.

The following missions were continued: Americus district, Shellman circuit, Springdale, Parrott, Sasser; Columbus district, Cusseta, Hamilton, Howard, Maule, Omaha, St. Mark, Talbot circuit, East Highland; Cordele district, Ashburn mission, Montezuma and mission, Mystic; Pineview, Rebecca, Seville, Oglethorpe and Ideal mission; Dublin district, Centenary, Wrightsville circuit, Dublin circuit, Kite; Macon district, Empire circuit, Ingleside; McRae district, Alma, Sedar Grove, Cobbtown, Graham, Baskley circuit, Springhill, Pembroke, Jacksonville; Savannah district, Greensboro, Eureka, Rincon, Port Wentworth and Thunderbolt; Valdosta district, Alapaha, El Dorado, Funston and Eilenton, Remerton, Omega, Statenville, Chula, Berlin, Lake Park, Sparks; Waycross district, Alma circuit, Atkinson, Blackshear circuit, Folkston, Granberry, Hebradville, Ludlow, Merzhon, Brunswick and Mission, Nichols, Pearson, St. Mary's and Kingsland, Screven, Townsend and Darien, Wareboro, Homerville, McKendree; Thomasville district, El Dorado, Meigs and Ochlocknee, Metcalf, Bridgeboro, Cairo circuit, Climax, Coledale, Felham.

Missions Created.

The following new missions were created: Americus district, Leary; Columbus district, New Hope; Dublin district, Matter mission; Macon district, Lizella Mission, Cochran Mission; McRae district, Daisy, Glenville; Savannah district, Bloomingdale and Mission; Valdosta district, North Moultrie Mission; Waycross district, Alma Station.

Dr. G. N. McDonald, of Waycross; M. H. Harper, of Dawson, and E. J. Sappington, of Eastman, were nominated as members of the board of missions to fill the places of Rev. C. W. Sheffield, Americus; C. B. Batson, Brunswick, and W. C. Pirkle, of Baskley, resigned. Rev. C. B. McDonald, general evangelist, reported many revivals held during the year, 480 accessions to the church, 400 family altars erected, 300 pledged to tithing and \$2,200 received as free will offerings.

Rev. J. M. Bass, general evangelist, reported 238 days in revival work, 654 sermons preached and \$90 additions to the church. Rev. Harry C. Allen, conference evangelist, reported to the board that this has been the most successful year of his ministry, a large number of revivals during which 340 were added to the church on profession of faith and receiving as remuneration for his services about \$2,800.

Rev. W. W. McCord, approved

1 Lb. CANDY BOX

Honey Nougat

INGREDIENTS

1 large cupful of honey
Whites of two eggs
A pinch of salt
1/4 pound of blanched almonds
1/4 pound of candied cherries

FORMULA

Boil the honey until it forms a very hard ball when tested in cold water. Remove from the fire—pour slowly over the stiffly beaten whites of the egg to which the pinch of salt was added. Replace over the fire in a double boiler for fifteen minutes. Add the nuts, slightly browned, and the fruit. Pour onto wafer paper or a tatter.

evangelist, reported 16 meetings held, 230 sermons preached and 203 members received. Rev. J. A. Smith, of Macon, chairman of the conference committee on evangelism, called a meeting for 2:30 Wednesday afternoon at which time reports of evangelists will be heard and considered.

CHAMBER LUNCHEON ATTRACTS INTEREST

Austin L. Babcock, New York Banker, Will Address Meeting.

Intense interest is being evinced by business men of Atlanta in the address which will be delivered today by Austin L. Babcock, assistant vice-president of the Guaranty Trust company, of New York, before the forum luncheon of the Atlanta Chamber of Commerce, judging from the large number of acceptances received Monday and Tuesday from those invited to attend with their friends.

The present tendency toward financial unrest in American trade, and the belief that Mr. Babcock is a man whose knowledge and experience qualify him to tell what the country may expect, as well as to give analytical lessons for the present situation, seems to have added to the interest in his talk, and chamber officials believe that the luncheon will be one of the most largely attended since their inauguration several months ago.

Some confusion has resulted from the fact that two forum luncheons are being held in consecutive weeks in exception to the general plan of bi-monthly sessions, but Charles E. Robertson, secretary of the chamber of commerce, explains that the visit of Mr. Babcock to Atlanta was considered sufficient reason for the additional meeting, since there was a general desire among the members of the chamber for such a speaker to discuss "The American Problem."

M. C. CARROLL LEAVES TO ATTEND IRISH MEET

M. C. Carroll, Jr., president of the Atlanta association, Friends of Irish Freedom, left Tuesday morning for Washington, D. C., to attend the annual meeting of the National Association of Friends of Irish Freedom, held at Washington this week. The plans for the opera will be attended by one or both of these gentlemen at the luncheon Wednesday.

Additional interest will be given to the meeting through the attendance of Michael Dempsey, organizer, and Richard Temple, composer, of the "The Irishmen," which will soon begin its showings in New York. The plans for the opera will be attended by one or both of these gentlemen at the luncheon Wednesday.

President De Valera's Irish Republic and a number of state officials of Ireland are expected to take an important part in the business sessions.

CAPTIVE CAP

Wins the Public

It has scored an instantaneous success. Its practical and common sense features have immediately appealed to all users of dental creams.

This patented cap hereafter will form a permanent part of the Kolynos container—a mark of identification as well as refinement.

Be sure when buying your next tube of dental cream to specify "Kolynos with the Captive Cap."

THE KOLYNOS CO.
New Haven, Conn. U. S. A.

KOLYNOS DENTAL CREAM

It dissolves the gelatinous film which covers the teeth and which is the harboring place of destructive mouth bacteria.

It destroys and washes away millions of these dangerous germs which otherwise would work their harm to the teeth and general health.

In addition, Kolynos cleanses the whole mouth and the exposed throat membranes, producing a true sanitary condition.

422-23-24-25

Pittsburg, November 16.—It came known today that Harry Elson, star halfback of the Washington and Jefferson college football team, was a patient in a hospital here suffering from serious injuries sustained in the Pitt-W. & J. game last Saturday. Elson was operated on yesterday for a ruptured blood vessel and attending physicians expressed the opinion that he would be unable to play football again.

Philadelphia, November 16.—Captain Bud Hopper, of the University of Pennsylvania football team, was injured Saturday in the game with Dartmouth. He will not be able to play again this season, according to physicians at the University hospital, where he was taken.

He is suffering with a contusion of the kidneys. Five other Pennsylvania players were less seriously injured in the game, but all are expected to be in the line-up next Saturday against Columbia.

IN THE WORLD OF SPORTS

INSURGENTS OF A. A. U. WIN FIGHT

New Orleans, November 16.—Insurgent forces scored their biggest victory in years in the Amateur Athletic union here today when they elected their entire ticket, and put over the resolution whereby a committee of three will make a complete investigation of charges made by the United States Olympic athletes upon their return from Antwerp that they were badly treated, both in the way of accommodations and from the Olympic games and in Antwerp as well.

Sam Goodman, president of the Pacific Coast association, was sponsor of the resolution calling for an investigation of the charges made against the American Olympic committee. His resolution was modified somewhat, but carries the same intent. As a result, William C. Frost, of the New England association; Jeremiah T. Mahoney, of the Metropolitan association; and Charles E. Lynch, of the Central association, have been designated as the committee to investigate the conduct of the affairs of the seventh Olympiad and the method followed for the selection of the team sent abroad.

Robert S. Weaver, of Los Angeles, was elected president of the new union, by a vote of 55 to 21. This was the first big gun fired by the insurgents.

The other officers elected were C. W. Streib, Birmingham, first vice president; W. Caddy, Boston, second vice president; P. Jordan, Indianapolis, third vice president; W. J. Slatney, Philadelphia, fourth

vice president; Fred Ruben, secretary and treasurer.

The defeat of Chief Justice Barrow S. Weeks as one of the trustees, which office he has held in the A. A. U. for years, was considered a blow to the big powers who have been in charge of the affairs of the Amateur union. The new trustees elected were: Colonel J. V. Clinin, Chicago; W. Frost, Boston; and Sam Goodman, San Francisco.

The New England delegates succeeded in passing a resolution that no president will be allowed to succeed himself.

Chicago was awarded the 1921 convention.

Girl swimmers who compete in A. A. U. contests in future must wear swimming suits that come higher about the neck and must be cut with a due allowance for shrinkage, according to a decision reached at the final session of the convention here today.

Judge Weeks, chairman of the legislative committee, told about the low cut and tight fitting suits worn by American girls in the Olympic games and said these girls had been criticized by the Europeans.

Under the terms of the ruling made today regulation suits must be worn by both men and women.

ABE IS AVAILABLE ANY TIME WANTED BY GOVERNMENT

New York, November 16.—Abe Attell, ex-pugilist, mentioned in connection with investigations of "fixing" of the 1919 world's series, voluntarily appeared today at the office of Acting District Attorney Talley Ahe, who recently returned from Montreal, declined to make any formal statement to the prosecutor, but said he was available at any time he was "really wanted" by the authorities.

"I certainly will not be the goat," Attell was quoted as saying, "but there is a case pending in Chicago, with lots of indictments against different parties, and I do not want to talk while that matter is still unsettled."

ALABAMA IS READY FOR FRAY

BY JACK FREEMAN.

Tuscaloosa, Ala., November 16.—(Special.)—Admirable football weather has been in vogue all this week and preparations are being rushed at Alabama, for the titanic Alabama-Georgia gridiron contest will be the premier headline for the south in the way of pre-Thanksgiving games. No other engagements on southern gridirons on that day will be conducted by teams so evenly matched as the Crimson Tide and Bulldogs from Athens.

Two heretofore undefeated eleven will engage in combat and the outcome of one will receive its first stain of season.

Alabama has not forgotten her hairbreadth victory of last year and realizes that she is going to have to put up a stiff battle if she is to be as fortunate in this year's encounter as she was in the last O'Connor's toe, which drove victory home for the Crimson Tide, and which will more than likely come into play again on next Saturday.

Denny field has been the scene this week of energetic practicing and drop-kicking, the former being practiced by Stephenson and Floeretti, and the latter by the famed O'Connor.

If Alabama succeeds in freezing Georgia out this year, it will in all probability be with the aid of O'Connor's trained toe.

Riggs (Stephenson) will doubtless occupy the linchpin position on the Crimson side of the affair. Critical gridiron observers from all over the south will pass judgment on this All-American candidate in the battle with Georgia at which time

he will likely be called on for his best work of the season. "Tom Sessions" will be remembered in Atlanta for his work against All-American Bum Day last year. Sessions has been showing up even better this year than he did last, and it will be interesting to observe the final clash of these two peerless southern centers.

Walter ("Dad Gum") Hovater is not now Atlanta, having piloted last year's Crimson line through to its hard-earned victory over the Athenians. Hovater will be reinforced at quarter by Luke Sewell, a recruit of this year, and Tally O'Connor, who does almost equally at quarterback and halfback. "Big Red" Brown will be an active participant in the fracas as well as will "Old Man" Johnson, who, since his last appearance in Atlanta, has been promoted to the captaincy of the Crimson squad.

Among the new men who will be introduced to Atlanta gridiron dopsters are Floeretti, at right end; Albert Clemens, the find of the season, at left end; Cooper Hunt and Montgomery, at guard and tackle; and Bray Kirby and Nichols in the backfield.

A special train has been chartered for the Alabama students to go to Atlanta, the train leaving University station at 7 p. m. Friday and reaching Atlanta Saturday morning. On the return trip it will leave Atlanta at midnight and arrive at the university late Sunday morning.

CHAMP KILBANE OFFERED \$7,500 FOR DECISION GO

Baltimore, November 16.—Featherweight Champion Johnny Kilbane has been offered \$7,500 to appear here in a 15-round bout to a decision with the winner of the Danny Prush-Joe Leonard contest here next Friday night.

Al Herford, veteran boxing promoter, who brought out the late Joe Gans, one-time lightweight champion, wired Kilbane the offer, and Prush's manager said today that if Prush won he would add \$1,000 to Herford's purse if Kilbane would sign articles to meet his man.

OLD DOMINION IS WORKING FOR TARHEELS

Charlottesville, Va., November 16. All efforts are now being directed by the Virginians on the remaining game of the football season with North Carolina here Thanksgiving day. Coach Warren gave the entire squad a much needed rest Monday afternoon following the Vanderbilt game, but work was begun anew Tuesday in an effort to put the team in its best shape for the Carolina game.

With the diminutive quarter who was kept out of the Vanderbilt game on account of a bad knee, is improving and is certain to be in playing shape for Thanksgiving and will be more than likely used to direct the Virginians at that time. Blackford, who has been out of the game for several weeks with a bad shoulder, was able to play in part of the game last Saturday and will probably be back in the line at guard against Carolina. Coach Warren took practically two teams to Nashville and used every man during the game. No injuries of any consequence occurred and the team is in good physical condition.

Working on Attack.

Virginia's offense is receiving most of the attention from Coach Warren and it is hoped that it can be strengthened for the Tar Heel game. The defense has been the strong point of the team this season and the Virginians putting their faith in the orange and blue line to stop the Carolina backs.

Signal drills and a short scrimmage with the scrubs was the Tuesday program but more strenuous practices for the remainder of the week is promised by Coach Warren, who is expecting several former stars to come to his aid in whipping the team into shape for the last game of the season.

Despite the Mud Golden Tornado Makes Progress

BY WALLACE GEORGE.

Despite mud, rain, wind and cloudy skies the Golden Tornado battled bravely through it all for an hour or more Tuesday afternoon out on Grant field. Knee-deep in slush and water, the Tais presented a dreary, gloomy picture and the most uninviting place in the world for gridiron practice.

Despite all the drawbacks that entered into the play the Yellow Jackets got in a workout Tuesday that would do credit to a balmy day in September. Every man of the varsity squad and the scrubs as well reported for duty at the regular hour and donned all the uniforms and extra football clothes they could get hold of.

Up and down the field both squads worked, running through signal practice, perfection of passes, recovering of punts, and so on. The play may not have run off as smoothly as it would have on a dry, fast field, but the men got the practice and worked just as well besides having one of their first opportunities of the year to attempt to operate or navigate on a muddy field.

The Golden Tornado has been singularly blessed all year with good weather for its games and not a single battle has been played to date on a muddy or even damp field this year, but that it was under ideal weather conditions and with not a sign of a cloud in the sky.

The Auburn game promises to be an even larger drawing card than was the recent Tech-Centre game, which established a new high-water mark in attendance in the southern sporting circles. Slightly more than 17,000 persons passed through the turnstiles that day to see the championship battle of the south.

There is plenty of room for very nearly 20,000 persons, seats being provided for more than two-thirds of this number. Reserved sections are going at a premium already, more than a week before the annual Turkey day affair comes off.

The freshman team of George Griffin also reported for duty Tuesday evening and was put to work running signals in the upper part of the concrete stadium.

ARMY AND NAVY REST UNTIL GREAT CLASSIC

New York, November 16.—Neither the Army nor the Navy football team will play again until they meet at the Polo grounds here November 27. This was decided today when West Point, because of "unforeseen circumstances," cancelled its contest next Saturday against Colby. George Washington university already had cancelled its game with Annapolis.

DARTMOUTH ASKS FOR TECH'S PLACE ON PITT SCHEDULE

Pittsburg, November 16.—(Special.)—The Dartmouth club of western Pennsylvania, including graduates of the New Hampshire institution, for the entire western Pennsylvania district, has placed itself on record as favoring the scheduling of a Pitt-Dartmouth game next year and is communicating to Graduate Manager Pender at Hanover the desire of the alumni in this district that negotiations be opened with the Pitt management to this end.

At a dinner held at the University club, attended by about fifty Dartmouth graduates, a resolution favoring such an arrangement was passed, the measure carrying with it the decision of the club to use every means in its power to bring Pitt and Dartmouth together on the gridiron.

Following comments by F. J. Hollis, prominent football official and

former all-American player at Dartmouth, and others favoring such a contest and commenting upon the standing of both teams and the drawing power of such a game in Pittsburg, New York or Boston, the club instructed the secretary to convey its request to Manager Pender. Dartmouth men here express the hope that their alma mater may fill the place on the Panther schedule left vacant by the ending of athletic relations between Pitt and Georgia Tech.

HOWARD TO PLAY CENTRE COLLEGE AT BASKETBALL

Cambridge, Mass., November 16. Harvard athletic authorities announced tonight that the Centre college basketball team would play Harvard here March 7, next. Several of the members of the football team which recently played Harvard are on the Centre basketball squad.

Shorty drops in on New York!

Here we are, Pete!

New York
Wednesday night.

Camped once more in the plumb centre of our old stamping grounds—rubbing elbows with the roaring racket and running fash into more electric displays, blazing posters and smashing signs that sound the joys of Camel Cigarettes than you'd ever believe could be jammed into one town!

When I hit Broadway this p.m. I'd said the Reynolds folks had transplanted "Camel City" right up here!

It seems like all New Yorkers have adopted Camels as their own personal brand! And, Pete, since this is the original speed town, it's only what you expect when you see 'em carry a package of Camels in each coat pocket! If their right hand is busy they dig out their left hand deck—they just won't lose time getting a Camel lighted! That's the gait around here, old thoroughbred!

And, Peter, the New Yorker has his own A-I pet reason why he's so keen for Camels! For instance, Doc Marshall will bet his car on Camels quality against any cigarette in the world! Bill James says to me:—"Shorty, there never was milder, mellower body like Camels!" And, as for Dan Boggs—he spills it that Camels are the only cigarette free from any unpleasant cigarette aftertaste or cigarette odor! And, he knows! Frank Frazer will tell you it's Camels wonderful Turkish and Domestic blend! And, ALL of them are right!!!

And, Pete, old proof-of-the-pudding—you tell 'em that Missouri hasn't anything on little old New York when it comes to that. "Show me" stuff—on cigarettes or anything else!

Sincerely
Shorty,
Camel
CIGARETTES

Cultivating a Habit!

- Habit is an easy thing cultivated.
- It's easy to fall into and sometimes hard to get out of.
- Some habits are good, and deserves cultivation. Some are bad. Avoid these.
- The habit of buying goods made at home is one that deserves cultivation.
- It's good for the man or woman who cultivates it—and it's good for the community in which he or she lives.
- It keeps money at home that ought to be kept at home. It helps to develop more enterprises, wherein more home people can be employed.
- It's a habit that will grow upon you—for you soon realize the importance of it.
- But at home. Encourage home enterprises—you will get the best goods obtainable.
- Here are home manufacturers who make good products:

THE CONSTITUTION

Covering Boosted List;

Gossip of Wall Street

By R. L. BARNUM.

New York, November 16.—Prices of stocks continued to advance today on short covering, gains of from 1 to 3 points being common throughout the list. As prices advanced the bears put out fresh lines of short stock. However, this selling appeared to have no effect on the trend of prices. Trading today was very much lighter.

One of the most interesting news developments of the day was the action of the directors of the Brown Shoe company in passing the dividend on the common stock. For the past year the dividend rate on these shares has been 7 per cent. Only last July a stock dividend of 33 1/3 per cent was declared. As a result of that action the price of the common stock advanced to 115 1/4. There were no sales reported last week. But for the week before there was a decline from 50 to 40. Just before the close last night there was an actual sale at 45. The specialist dealing in Brown Shoe gave the bid and asked price after the close at 35 and 50. This bid price indicated that some one knew what was going to happen today to the dividend.

Tuesday's Action.

Today's dividend action on the part of the Brown Shoe directors, in the light of the 33 1/3 per cent stock dividend declared only last July, illustrates fairly how little many business men really knew what was ahead. Early this year, when extra dividends were being declared by one industrial company after another, the federal reserve board and the federal reserve banks were severely criticised for getting ready for an autumn money squeeze.

But for this preparedness there is many a business man today allowed to walk down the stairs during the price readjustment who otherwise would have had to jump from the top story. In time, far-sighted business men will be unanimous in declaring that the joint action of the federal reserve board and the officials of the federal reserve banks prevented the country from experiencing this autumn a full-sized panic.

Interest in Money Market.

In view of the heated controversy that has been going on for months and months between Wall street bankers and Comptroller Williams over the charge of Williams that rates on call money are manipulated, a great deal of interest was displayed today in what happened in the money market just before the close yesterday. Only a few minutes before 3 o'clock word came from the stock exchange floor by telephone that the rate on call money, which was at 7 per cent, had dropped to 6. Then came a denial that 6 per cent had been touched.

As a matter of fact, your correspondent knows a stock exchange house that borrowed not a small amount, but \$1,000,000, just before the close yesterday at 6 per cent. As the whole financial and industrial outlook hangs on the trend of money rates, current rates for call and time money and commercial paper are being watched closer than usual.

Today's rate remained at 8 per cent.

Republican Plans.

Wall street learned from Washington today that leaders of the republican party already have tentative plans for readjusting taxes and rearranging the national budget under the Harding administration.

These tentative plans in printed form are receiving much approval by bankers, and in a speech made last night before the Binghamton (N. Y.) Chamber of Commerce, Daniel C. Roper, former internal revenue commissioner, fired the first gun in the campaign that has been rapidly gaining friends to ask congress to pass a measure which will allow business men who have been hard hit by the recent decline in prices to postpone the December 15 installment of taxes for six months. It was also proposed that congress extend to 1921 the so-called "net loss" provision of the revenue act to permit business men who have recorded losses this year through shrinkage of values to deduct that Paragary had declared a net loss for two months. This country is in the same boat with many of our southern neighbors, including Cuba. Too much inflation; too much speculation.

American Smelting.

American Smelting announced a cut in the price of lead today from 7 cents a pound to 6 1/2 cents. Last January the price was 5 1/2 cents. Then, in March, it got up to 9 1/2 cents.

The National Bank of Commerce here announced today that A. E. Chandler, associate professor of economics at Columbia university, had been appointed economist for the bank. This announcement is significant of the change that has taken place in banking during the past few years. During the upheaval caused by the European war our bankers here, as a result of their enlarged experience in international trade and finance, have come to have more and more respect for the old tried-out rules which form the basis of economics and practical finance.

Refined Sugar Drops.

Among other commodities which declined today there was a further drop in the price of refined sugar. The American Sugar Refining company announced a reduction of 1-2 cent per pound to a new low for that company. But this announcement was soon followed by a reduction to 9-3/4 cents per pound by the Federal Sugar Refining company.

President Vaucian, head of the Baldwin Locomotive works, does not take a very pessimistic view of the future, according to a statement issued by him today. Mr. Vaucian is credited with stating that the works had business enough for six months' operations. This, however, does not seem to fit in with the news that is coming from all directions regarding curtailment by the railroads.

Much direction was displayed in the financial district in the dispatches from Rochester to the effect that cuts of from 33 1/3 to 40 per cent had been made in the wholesale prices of fall and winter suits by nineteen clothing manufacturers who are members of the National Association of Manufacturing Clothiers. During the last hour for minutes at a time the ticker was silent. For a market that had one decline after another in this city for December was more snap to the recovery.

Market News and Views

Cotton Options.—Although the general cotton market is unsettled, the state of the market a sharp rally could easily take place. S. M. Weid—We consider it unwise to be short, and think that a rally in the cotton market will offer the best chances of ultimate profit.

Cotton Belt Weather.—East Texas—Fair, freezing. West Texas—Partly cloudy to cloudy, rain. North Carolina—Rain tonight, followed by rain Wednesday. Georgia—Rain this afternoon and tonight, cold tonight. South Carolina—Rain tonight, cold tonight. Alabama, Mississippi—Freezing.

Stanley on Weather.—St. Louis, November 16.—Light scattered rains in portions of eastern belt, with generally cold weather over entire belt. Cold winds blowing in Mississippi valley. Forecast eastern belt, colder with rain or snow tonight, followed by rain Wednesday.

Stock Options.—H. H. Childs—Believe stocks can be bought now and held with profit. The market is in position where sharp upward might be experienced with or without special support.

Beer on Grains.—Chicago, November 16.—The covering of short accounts in wheat was accompanied by the report that the government would use the money derived from German reparations by the alien custody for the securities of exports and that this would result in a big demand for wheat. No official confirmation was made of the rumor. The market is more affected by small stocks in this city for December delivery.

Corn was steady, inclined to weakness, but held up by the strength in wheat. Oats followed the corn market, having independent movement and without any special information.

H. & B. BEER.

Chicago, November 16.—Some change in sentiment was noted in the wheat market, both buying by exporters and short covering. The undertone was strong and the close was at net gains of 4 1/2 to 5 cents.

March leading.—Chicago, November 16.—The covering of short accounts against sales of around 750,000 bushels domestic and Manitoba wheat by local shippers part of the day.

CLAYTON COUNTY.
By virtue of an order of the court of equity at the November term, 1920, of Clayton county, authorizing the sale, and to sell at the courthouse in Fulton county, where property is located—
Will be sold at public outcry, to the highest bidder, for cash, between the usual hours of sale, sold as the property of Mrs. N. E. Blackman, deceased, on first Tuesday in December, 1920—December 14th, next: All that tract of land, being a home and lot described as follows: Part of land lot No. 148, in the 14th district of Fulton county, Georgia, the line commencing at a point on the south side of Mayson and Turner Ferry Road, 224 feet east of Woodland Avenue, formerly Sidney street, running from this point east along the south side of Mayson and Turner Ferry Road 56 feet to the corner of lot No. 10, then south with the west side of lot 10, 246 feet to a 15-foot alley, then west with the alley 50 feet, then north on the east side of lot 8, 246 feet to the starting point.
H. G. PARTIN,
Administrator of N. E. Blackman.
November 4th, 1920.

Notice to Contractors

Sealed proposals will be received by the State Highway Department of Georgia at the office of the division engineer, Third District, courthouse, Americus, Ga., at 11 a. m., on the 14th day of December, 1920, for the furnishing of all labor, equipment, material and other things necessary for the construction of a 26-foot bridge, modified Georgia standard design, reinforced concrete deck girder type, and approaches thereon, located on the Preston Plains Road, 3 1/2 miles east of Preston in Webster county over what is locally known as Hog Branch. A federal aid project.

The work will consist of—(Georgia standard design)—45 cu. yds. wet excavation; 400 lin. ft. timber piling (7); 100.76 cu. yds. Class B concrete; 24.35 cu. yds. Class A concrete; 5.07 cu. yds. sand and gravel; 11,007 lbs. reinforcing steel; removing 23 feet of old timber structure; 2417 cu. yds. excavation and 608 cu. yds. of sand and clay surfacing in place.

Said work will begin on or about the 3rd day of January, 1921, and shall be completed within 60 working days.

Plans and specifications will be on file at the office of the division engineer, Third District, Americus, Ga., and the office of the state highway engineer, Atlanta, Georgia, beginning at 10 a. m., December 6, 1920, and copies of same may be had for \$4.00 to cover cost of blue printing.

Said work will be paid for as same progresses, to-wit: 85 per cent of the amount due each calendar month will be paid for between the 10th and 15th of the succeeding month, and final payment will be made within 30 days of final completion and acceptance.

Proposals must be submitted on regular forms, which will be furnished by the undersigned, and shall contain a bid on concrete—State Highway Department to furnish cement f. o. b. nearest railroad station. Bids will be received on both Form A and Form B types of contract.

Each proposal must be accompanied by a certified check or bidder's bond for 5 per cent of the amount bid.

Bonds will be required of the successful bidder as stipulated by law.

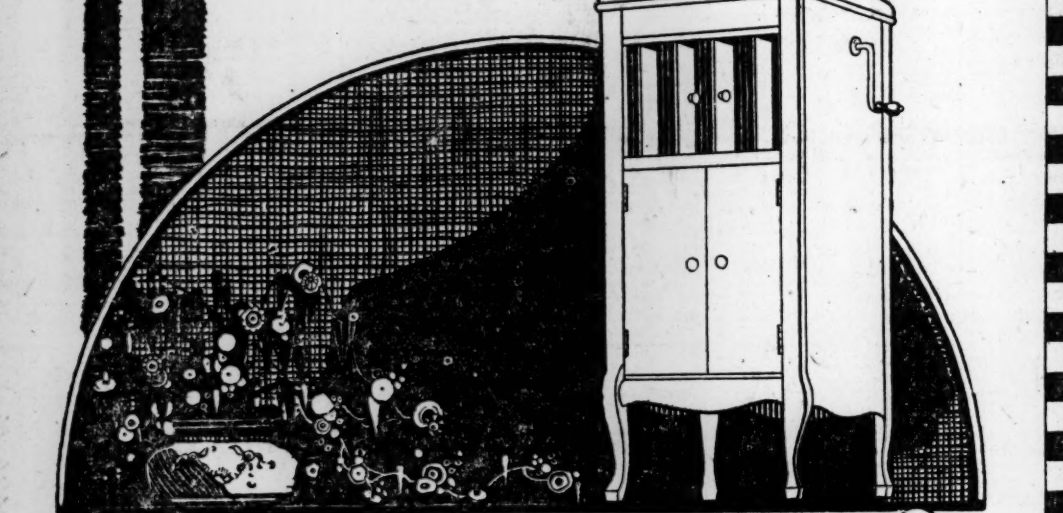

Right is reserved to reject any and all bids and to waive all formalities.

By W. G. GAYLE, JR.,
Division Engineer.

This the 25th day of October, 1920.

Pay Only \$1 and Join Our Christmas Phonograph Club Now!

Now Is the Time for You to Think About a Grafonola for Christmas

Join our Christmas Phonograph Club and make the first payment of only \$1. From now until delivery on Christmas Eve pay \$1 a week, which will deliver to your home any Phonograph in our store. After Christmas you may pay the balance \$2.50 a week.

Join at once, and make sure of getting the machine of your choice. The demand for Phonographs is going to be enormous this season, and we earnestly advise you not to delay making your selection. Join by mail if you live outside the city.

Remember, only one dollar is required to join the Club, and a small weekly payment after the holidays will soon pay the entire amount. Think how you will surprise the family Christmas Eve by having a fine new Phonograph delivered to your home.

Our Grafonola Department will be glad to tell you all about this opportunity without your obligating yourself in the least.

RUSSIAN CONCESSIONS SECURED BY VANDERLIP

Stockholm, November 16.—W. D. Vanderlip, of California, who has been in Russia seeking concessions for a western syndicate, and has recently arrived here, issued a statement today denying the intimation that he had been in Moscow at the instigation of Senator Warren G. Harding in an endeavor to bring about recognition of Russia by the United States.

"I came to Russia for commercial purposes," he declared, "and I have succeeded in my efforts."

Mr. Vanderlip announced he leased for sixty years in behalf of the syndicate 400,000 square miles of Russian territory and that he had made other extensive contracts. With respect to these he said:

"I have obtained an agreement whereby the Russian government will purchase in America in three years three billion dollars' worth of merchandise offering in payment therefor gold, platinum, furs, oil, products, manganese, copper, timber, pulp wood, flax, hides, grain and other raw material, great quantities of which are already for immediate shipment. Preference is to Berlin early in December."

Half a dozen famous chess experts are entered in the international masters' tournament to be held in Berlin early in December.

RUSSIAN CONCESSIONS SECURED BY VANDERLIP

Stockholm, November 16.—W. D. Vanderlip, of California, who has been in Russia seeking concessions for a western syndicate, and has recently arrived here, issued a statement today denying the intimation that he had been in Moscow at the instigation of Senator Warren G. Harding in an endeavor to bring about recognition of Russia by the United States.

"I came to Russia for commercial purposes," he declared, "and I have succeeded in my efforts."

Mr. Vanderlip announced he leased for sixty years in behalf of the syndicate 400,000 square miles of Russian territory and that he had made other extensive contracts. With respect to these he said:

"I have obtained an agreement whereby the Russian government will purchase in America in three years three billion dollars' worth of merchandise offering in payment therefor gold, platinum, furs, oil, products, manganese, copper, timber, pulp wood, flax, hides, grain and other raw material, great quantities of which are already for immediate shipment. Preference is to Berlin early in December."

Half a dozen famous chess experts are entered in the international masters' tournament to be held in Berlin early in December.

Miss Sallie Graham, 72 years old, died Tuesday afternoon at her home, 2 Fullam street. She is survived by one sister, Mrs. J. T. Thompson, of Atlanta.

56,885 SQUARE FEET MARIETTA STREET W. & A. RAILROAD

We are offering a one-story brick building covering a lot that averages 155 ft. x 337 ft. back to a side track off of the W. & A. Railroad. To reproduce the building alone would practically cost the price asked for the entire property. For a small amount this building could be converted into a manufacturing plant or large storage warehouse.

PRICE \$54,000
